More jail plans presented to commissioners

By Eddie White

The commissioners heard another proposal to build a new jail facility in the county on May 2, 2014. The proposal was presented by a group of citizens who have been advocating for a new jail for several years. The group said that the current jail is too small and unable to handle the growing number of inmates. They proposed a new jail with more beds and better facilities. The proposal was met with mixed reactions from the commissioners, with some in favor and others opposed.
