Award-winning sports sections don't just happen...

In pre-season last year, Panola Newspapers Sports Editor Ted Leach wrote of Carthage:

"If the offense and defense come together, who knows how high the team could fly. Reynolds doesn't deal in such superstitions, but this could be the best offense in school history. Since no building team has ever gone beyond the state quarterfinals, let that be the measuring stick."

"Perry (Davis) Collins replacement would be an impossible task for the average team, but for Carthage it is not so difficult. There was a dandy sophomore (Kenny Henderson) on the squad last season who was hair-apparent even then, and he's just a step behind Lightning (Racquel Tatum) in speed and quickness and possesses more moves than U-Haul."

"The Bulldogs have potentially the finest rear quarter-back in East Texas in returning starter Rickey Rougey."

"Until last year I have never had a backfield with two 1,000-yard runners, Reynolds recently said as he talked to a service club in pre-season. Now he's got three capable of 1,000-plus in total offense. It's mind-boggling."

Of course, Carthage went to the state semifinals last season with Tatum and Henderson rushing for 1,668 and 1,411 yards, respectively, and Rougey ran and passed for 1,325.

Then, in looking over the Carthage opponents, Leach made some fairly accurate assessments of their fortunes, too:

"...Big, tough, mobile, hostile...the (Daingerfield) Tigers only need some seasoning for their young lineup before they become an awesome juggernaut. By the time they get to Carthage for game three, they should be tough nuts. Easily the choice for their district, undefeated. The best but for state honors from East Texas."

Carthage almost got 'em, but thereafter the Tigers were superb, undefeated and unsurpassed in their remaining 13 games, breaking the so-called marks along the way to the title and a 16-0 record.

"...Paris is a prohibitive favorite to cop the 7-AAA crown, but Atlanta may be able to battle Sulphur Springs and Hallsville for the No. 2 spot."

Paris won district. Atlanta was second.

Leach also predicted:

"They (Henderson) could improve on the season record and still not make the playoffs."

"Without Craft, it is going to be an exceptionally tough row (for Kilgore) to hoe."

Since 1931, Carthage has considered a rebuilding campaign, nobody is beating the drums for Jacksonville as a title contender in 7-AAA. Ask Carthage about underestimating the Tribe. Check the little old schedule and see where Kilgore, Henderson and Carthage play Jacksonville this fall. Having done that, maybe we'd better hold on here, boys, because we may have the league titlist right under the microphone."

Kilgore sink like the Titanic. Henderson had a great season but didn't get to the playoffs and Jacksonville surprised many by making the playoffs as the No. 2 team.

In the area, Leach predicted Tenaha and Overton would be in the class A playoffs, and only the order varied as Overton beat Tenaha 15-14 in the title game, in the regular season finale. Both were unbeaten at the time.

The dean of East Texas sportswriters is busy now, gathering information for The Panola Newspaper's annual football edition. It will be included as a special section in the Sept. 5th edition.

Drive Carefully!!

The bright yellow school bus, laden with children going to or from school, is a familiar sight on highways.

If you meet a school bus leading or trailing children on a highway that is not divided by a median, you must STOP—no matter which direction you are going—and wait until the bus moves on. On a divided highway, you must STOP ONLY if you are going in the same direction as the school bus. If you are across the median going in the opposite direction, you may proceed with caution. A divided road in the middle of the road is NOT a median and cars going in both directions MUST STOP.
