November rainfall down

The nearly 11 inches of precipitation recorded during the past month in November has caused a marked reduction in the moisture levels in the area. The previous record for November rainfall was 10.8 inches, set in 1982.

The highest amount of rainfall occurred during the past three days. The rain has been much-needed and has helped to replenish the area's water supply. The meteorological station reported that the rainfall exceeded 10 inches in some areas.

The lowest recorded rainfall was less than half an inch. The rain has been spread out over the entire month, providing a consistent supply of water to the area.

Baptist association adopts scripture resolution

Local representatives of the Baptist Association of Texas have recently adopted a resolution in support of the Bible as the inerrant Word of God. The resolution was adopted at a meeting of the association's executive committee.

The resolution calls for the association to support the teachings of the Bible and to promote the reading and study of the Bible in the churches. The resolution was supported by a majority of the executive committee.

The resolution is in response to a growing trend in some churches to downplay the importance of the Bible and to emphasize other religious texts.

Texas Utilities strike may be averted

By Dale Gilmore

Texas Utilities officials are optimistic about averting a possible strike by the company's workers. The workers have been on strike for several days, demanding better pay and improved working conditions.

The company has offered to negotiate with the union, and the workers have agreed to resume talks. The negotiations are expected to continue until a resolution is reached.

The strike has caused some disruptions in the delivery of electricity to customers. The company is working to minimize the impact of the strike on its customers.

The union has also expressed its willingness to continue talks with the company. The union representative said that the workers are committed to finding a solution that is fair and reasonable for both sides.

The strike has been a cause of concern for some local residents, who are worried about the possible impact on the local economy. The company has assured the residents that it is working to resolve the issue as quickly as possible.
Flu epidemic still plagues area

By Marilyn Anderson

While the flu epidemic seems to be waning, the Bartram School, located in the community of Bartram, is still facing challenges. The school has reported a significant number of flu cases, with over 20% of the student body affected. The flu season has been particularly severe, with many students experiencing symptoms such as fever, cough, and fatigue.

The school has taken several measures to control the flu outbreak. They have increased cleaning and disinfecting efforts, and have encouraged students to stay home when sick. However, despite these efforts, the flu continues to spread, with new cases being reported every day.

Health officials have advised people to continue practicing preventive measures, such as washing hands regularly and wearing masks in public places. They have also urged those with flu-like symptoms to seek medical attention promptly.

Flu season is expected to continue through the winter months, with a peak in January or February. Health officials urge everyone to stay vigilant and take necessary precautions to prevent the spread of the flu.
Bentsen voices views on upcoming legislative session

Commissioner Bentsen announced Tuesday that his legislative philosophy and priorities for the current session will center on fiscal responsibility and economic growth.

Bentsen said that while he believes the state’s economy is improving, there are still challenges to address. He emphasized the importance of prioritizing state spending and ensuring that state programs and initiatives are well-planned and effective.

"I believe we have a responsibility to our constituents to spend our tax dollars wisely and ensure that we are providing the most effective services for the greatest number of people," Bentsen said. "We need to be proactive in addressing these challenges and ensure that our state is prepared for the future."
Local AARP hosts workshop

Control pet obesity

By Mark E. Smith, Medical Director, Heartland Animal Hospital

Pet obesity is a growing problem in the United States, with more than 50% of dogs and 40% of cats being overweight. Overweight pets can suffer from a variety of health issues, including joint problems, diabetes, and respiratory problems.

However, pet obesity can be managed through a combination of diet and exercise. A healthy diet should be formulated by a veterinarian, and exercise should be tailored to the pet's age, size, and health.

Robber takes $580 from Mini-Mart

By Robert Bates

Carthage Police Department

Police were able to make an arrest in the Mini-Mart robbery on Tuesday morning.

The incident occurred around 9 a.m. at the Mini-Mart located at 111 E. Main St. The victim, a female employee, was in the process of counting money when the suspect entered the store and demanded cash.

The suspect, who was described as a male wearing a black shirt and blue jeans, fled the scene after receiving $580 in cash. The employee, who was not injured, immediately contacted police.

Detective Mike Riddle said he had received a call from a citizen who had seen the suspect running into the woods behind the Mini-Mart.

Riddle and his deputies quickly responded to the area and were able to locate and apprehend the suspect, who was hiding behind a bush. The suspect, a 21-year-old man from Carthage, was taken into custody without incident.

The crime is currently under investigation, and Riddle said he expects to have more information available in the coming days.

Pizza Hut robbery under investigation

Police are investigating a robbery that occurred at the Pizza Hut located at 122 N. Main St. around 3:30 p.m. on Monday.

The suspect, a male wearing a black hoodie and blue jeans, entered the restaurant through the front door and demanded cash from the register. The suspect fled the scene after receiving an unknown amount of money.

Detective Mike Riddle said he had received several calls from concerned citizens who saw the suspect running away from the Pizza Hut.

Riddle and his deputies quickly responded to the area and were able to locate and apprehend the suspect, who was hiding behind a building across the street. The suspect, a 23-year-old man from Carthage, was taken into custody without incident.

The crime is currently under investigation, and Riddle said he expects to have more information available in the coming days.
