Wilson puzzled

Raiders nip Cats, 68-57

WILL ROGERS - Ballard coach Robert Wilson said his team "had the game won" against Haskell on Friday night but allowed Haskell to come back and tie the game late in the final quarter. Wilson feels the Cats should have won.

"There was no way they were going to get it done," said Wilson. "We were down 15 points at one point and they came back to tie the game." The Cats had the game won late in the third quarter, but Haskell cut the lead to one point and then tied the game with 3:04 remaining in the game.

Wilson said his team was too relaxed and didn't play well in the second half. "We just didn't play well in the second half," he said. "We had a lot of turnovers and didn't play well on defense." The Cats had 17 turnovers and were out-rebounded by Haskell.

Wilson said his team can't afford to have bad games, especially against Haskell, who he said are a good team.

"They're a good team," Wilson said. "They're a good basketball team." The Cats are now 17-1 and Haskell is 13-5.

Bearcat JV beat Raiders

"They played very well," said Cooch. "They played very well defensively and they played very well offensively." The Bearcats had 17 points and 10 assists in the game.

The Bearcats are now 13-1 and Haskell is 10-4.

IT'S YOUR TURN NOW TO DO SOMETHING FOR YOUR FAITH

Remember your activities for the day, and you may allow some time to keep
your house of worship, and it means more than just attending the services and putting
something in the collection plate. The act of the congregation will always be needed, and this
concern in many forms. Like many others, you may not be able to financially support,
but you could also offer to take the building, play the organ, and some

will give you a good feeling to be able to do something for your faith.
