HAS THAT SPRINGTIME NEW-CAR FEVER ARRIVED?

Got that new car fever? It hits long after a cold winter. It's the time to accommodate the warm weather and let the cool breeze set in. New-car fever is contagious; it's hard to catch. This year is not for sale, but you can buy one. The FFA Foundation has announced its annual fundraiser event, "The Great Car Giveaway." The event will take place on a beautiful day, with music, food, and fun. Everyone who attends will have the opportunity to win a new car. The proceeds from the event will go towards the FFA Foundation's mission to support our youth and encourage them to pursue their dreams.

T. Wheeler takes jab at Dallas patio setters for organizing beetle fan club

Beetle finding full dinner in East Texas pines

By Alan Minter

A Beetle fan club has been formed in Dallas by an organization that has been identified as a "pavement beetle" fan club. The club was organized by T. Wheeler, who is also the developer of the "pavement beetle" fan club. Wheeler has been known to be a fan of beetles, and he has been quoted as saying that he enjoys the "pavement beetles" because they are easily found and are not dangerous. The club is open to anyone who is interested in beetles and wants to join the group.

Comment on hospital show varied opinion

A couple of opinions have been expressed about the hospital that is being built in the area. One opinion is that the hospital is needed and will be of great benefit to the community. The other opinion is that the hospital is not needed and will be a waste of money. The hospital is to be built on the site of the old hospital, which was destroyed by fire. The new hospital will have more beds and will be better equipped than the old one. The hospital is scheduled to open in the fall of the year.

TALK LINE

Editor's Note: TALK LINE is a new feature in the Panola County Post. It is a forum for discussing current events and topics of interest to the community. TALK LINE is open to all readers and will be published weekly. TALK LINE is sponsored by the Panola County Post and is not affiliated with any political party or group. TALK LINE is intended to provide a platform for open and honest discussion of important issues.

Letter to the editor

Dear Editor:

I am writing to express my concern about the recent developments in the area. The community is facing many challenges, and it is important that we work together to find solutions. I would like to suggest that we create a community task force to address the issues that are facing our community. The task force could be made up of representatives from all segments of the community and would work to identify and address the problems that are facing our community.

Thank you for your time and consideration.

Sincerely,

Panola State Enters Triple Crown

Panola State is one of the top teams in the nation, according to the latest NJCAA Baseball Coaches Association poll. The Ponies are currently ranked fourth in the nation and are favored to win the TEC conference this season. The team has a strong pitching rotation and a powerful batting lineup, making them a force to be reckoned with in the conference.

Panola leading in batting, pitching categories

Panola State leads the nation in batting average, hitting .345 as a team. The Ponies also lead in home runs, with 24 so far this season. On the pitching side, Panola has a 2.85 team ERA, with several players ranked in the top 10 in the nation in strikeout-to-walk ratio.

Panola hosts Region IV rivals

Panola State will host two region IV teams this weekend, with the first game scheduled for Saturday at 1 p.m. The team is looking to build on their recent success and continue their strong showing in the conference.

Panola beats Navarro College

In their most recent game, Panola State defeated Navarro College 7-2. The Ponies scored four runs in the third inning and never looked back. The team is now 22-8 on the season and looking to continue their winning streak.

Rosser's 16th homer wins it

Panola's lead in the seventh inning was short-lived as Hill scored five runs in the bottom of the frame to secure the win. The Ponies had a chance to tie the game in the ninth inning but were unable to score.

Panola routs Rebs in finale, 13-2

Panola State sweeps Region IV rivals

Panola State defeated Navarro College 13-2 in their final game of the series. The Ponies scored in every inning and never let up on the Rebs, winning by a wide margin.

Panola's offensive barrage

Panola State's offensive attack was on full display in their win over Navarro College. The Ponies scored 13 runs in the game, with two home runs and 11 hits. Panola State is now 22-8 on the season and looking to continue their success.

Panola's pitching dominance

Panola State's pitching was also a key factor in their victory over Navarro College. The Ponies held the Rebs to two runs and only allowed five hits in the game. The Ponies' pitching staff is a strong point for the team this season.

GOD GAVE US OUR KNOWLEDGE
THROUGH THE ART OF WRITING

Ever since ancient man first learned to draw pictures to express his thoughts, much of our knowledge has been put on paper and stored away. Though the written word has served as a basis for the exchange of ideas and the invention of new ideas, it has also been a means of expressing our history. Whether it be in the form of a letter, a diary, or a book, the written word has been a powerful tool in the development of civilization. It has allowed us to communicate our thoughts and ideas to others, and to share our experiences with the world. It has also helped us to preserve our history, so that future generations can learn from it.
