Carthage eyes All-America Award

The City of Carthage may soon be in the running for an award and 20,000 dollars if Ms. Panola County, Sarah Wilson, is selected one of the All-American City Award recipients. The All-American City Award is sponsored by the National Civic League and given to cities that meet specific criteria such as good government, public services, and community spirit.

Panola County already has one award under its belt, having been named the National Civic League's Outstanding County in 1981. If Carthage wins the award, it would be the first time a city in Panola County has been honored.

Fireworks rule sees alteration

People who want to see fireworks rule alterations to be in place for a few years in Carthage. The City Council has met to discuss the issue, and two major changes are expected to be made.

First, the number of fireworks displays allowed will be increased from two to three per year. This will allow for more community events to have fireworks displays.

Second, the time for fireworks displays will be extended from 30 minutes to one hour. This will give people more time to enjoy the displays.

Commissioner Willis dies in Dallas

This community has been an integral part of the city and we are deeply saddened to hear this news. Commissioner Willis has been a dedicated public servant and has made a significant impact on our community. Our thoughts and prayers are with his family during this difficult time.

Campaigns having intriguing twists

By MIRIAM WILLIAMS

As election time nears and doors are pushed open to allow eager public officials to flex their political muscles, all eyes are turned to the state capital. This year, the Kentucky General Assembly opened its doors on Monday, Jan. 3, with Governor Steve Beshear in attendance.

The assembly is expected to address several important issues, including education, healthcare, and budget matters. With the 2016 presidential election on the horizon, local politicians are also looking to gain an edge by introducing legislation that could affect their chances of winning in the upcoming election.

Carthage defense facing bad Cat

By Ted Leach

PANTHERS - With its fully
equipped and only slightly
weathered last year in the
Antelope Valley, the Panora
Webb Subdistrict is ready to
roll. A new defense has been set
up, with the team playing over
the Williams and top-seeded
Havana, which is expected to
be one of the stronger teams.
However, the defense is
preparing for the game with
tactically sound planning and
strategy.

The defense will face a tough
test against Havana's dominant
team, which is known for its
offensive line and strong defense.
The Panthers have focused on
improving their defense to
counter Havana's offensive
strengths.

The series

The teams have played
against each other in the
past, with Havana emerging
as the victor. However, the
Panthers are determined to
prove themselves in this
matchup.

The Panthers' defense
will have to work together to
stop Havana's high-scoring
offense. The Panthers' key
players are ready to step up and
lead the team to victory.

The defense will need to
keep Havana's high-powered
offense in check, with a focus
on the quarterback. The
Panthers have trained in
stopping the quarterback's
passes and runs.

The Panthers will be
up against a formidable
team, but they are confident in
their ability to win. The defense
is well-prepared and ready to
perform.

“Carthage needs to be the
best defense in the Subdistrict,”
said Panthers coach Dick
Wilson. “We have a lot of
strength and depth in our
defense, and we need to take
the initiative in this game.”

Carthage will face a stiff
test in Havana, but the team is
confident in its ability to win.

Waskom last major hurdle to 22-AA crown

'Jackets not out of woods, yet

By PENOLA WATCHMAN

The Jackets of Waskom are one week away from being crowned 22-AA State Champions. If the Jackets win this coming week, they will be the first team from Waskom in history to win a State Championship.

The Jackets have played well this season, but they are not out of the woods yet. They have a tough game this week against the Eagles of Jacksonville.

Jacksonville last week took down the Wildcats of Jasper, but Waskom beat the Wildcats the week before. The Jackets need to focus on their game this week and not get caught up in the past.

The Jackets have a good chance of winning this game, but they cannot afford to take Jacksonville lightly. If the Jackets win this game, they will be one step closer to being crowned 22-AA State Champions.

Brown burns Bulldogs in re-match

For the last six games, Troy Lee Brown has been all that was expected of a back-up quarterback in a football team's starting lineup.

Brown, a red-shirt sophomore, has filled in for starting quarterback Mark Loewen, who suffered a serious leg injury against Bronte last week.

Brown, who had not played a game this season, had been the Fighting Lions' starting quarterback in 1981.

"I never thought I'd have an opportunity like this," Brown said after the game.

But Brown didn't show any signs of nerves.

"He was the key to our success," said Fighting Lions' head coach Bob Morelock.

Brown completed 16 of 24 passes for 270 yards, three touchdowns and no interceptions.

His performance was key in the victory over Carthage.

Brown's first touchdown pass came on a 62-yard strike to wide receiver Greg Anderson on the first play from scrimmage.

"I didn't even have time to think," Brown said of the first TD.

But Brown's performance didn't stop there.

He completed 12 of 17 passes for 190 yards and two touchdowns in the second half.

"He really got into a groove," Morelock said.

Another key player for the Fighting Lions was running back Ivory Brown.

Ivory Brown ran for 101 yards and two touchdowns on 12 carries.

"He's a great player," Morelock said.
