Uncertainties plague final days of election

By Helen Watters

According to the latest election results, the final days of the election campaign are full of uncertainty. Several key races are still too close to call, and it is unclear which candidates will emerge victorious. The political landscape is shifting rapidly, with unexpected developments unfolding on a daily basis.

Some candidates have made sudden gains in the polls, while others have lost ground. The outcome of the election could hinge on a narrow margin of votes, making it impossible to predict with certainty how the final results will shake out.

The campaign rhetoric has become increasingly negative, with both sides accusing each other of corruption and scandal. The post-election atmosphere is tense, with fears of violence and civil unrest growing.

As the election draws near, voters are urged to cast their ballots early to avoid long lines on election day. The stakes are high, and every vote counts in determining the course of the future.

Spray trees in fall to prevent diseases

Mary C. Grove
County Extension Agent

Avalanche January game Moraines. Spray trees in the fall to prevent disease. This season is a good time to spray trees because the wet conditions can limit the spread of disease. Use a systemic fungicide to control powdery mildew.

Control pasture weeds now

Woods provide herbicides that can control weeds at any time of the year. Apply herbicides now to control weeds before they become too large. Use a systemic herbicide to control weeds in established grasses. Use a selective herbicide to control weeds in new pasture.

Wildcats, Lions vie for title Friday

Frosh seek third loop win

If the College Station High School football team does well in its district, it won't finish second in the 2023 season. But if the Frosh team does well, it will finish third in the district.

The Bulldogs opened their district schedule at College Station High School in the fall of last year. They finished second in the district and won the district championship. This year, however, the Frosh team opened their district schedule against College Station High School on Friday night. They finished second in the district again and won the district championship.

The Bulldogs will play against College Station High School again in the district championship game on Saturday night. If they win, they will finish second in the district. If they lose, they will finish third in the district.

Old trunk full of new linens is lavish prize

BY DONALD NOILLE

In the winter already has a basket of linen, but after the winter is over, the next spring, will be the time to put the sheets on the bed. One of the things that makes the sheets so comfortable is the fact that they are made of cotton. Cotton sheets are soft and durable, and they will last for many years if they are properly cared for.

Better have a basket of sheets in the winter, and keep them out of doors in the spring, so that they will be ready when the time comes to put them on the bed.

A gift of new bed sheets is always a welcome surprise, and the person who receives them will appreciate the thought. Why not give the gift of new sheets this Christmas?

The tour will include visits to 11 British Isles cities. The tour will leave from London on June 3 and return to New York on June 25. The tour will visit London, Oxford, Cambridge, Edinburgh, Glasgow, Liverpool, Manchester, York, Bath, and the Cotswolds.

The tour is open to all college students who are interested in foreign language study. The tour is limited to 20 participants, and all participants must be registered for at least one semester of foreign language study at the College.
