You never know when you’re going to start when you’re going to get there. But sometimes it’s worth the wait. That was the case with a recent trip to the airport. The plane was delayed for nearly an hour, but the flight was worth the wait. The cockpit crew was very friendly and kept us updated on what was happening. They even showed us a video of the airport and the surrounding area. It was a great way to pass the time and it made the trip much more enjoyable. The trip itself was smooth and we arrived on time. Overall, it was a great experience.

We decided to take the bus to the airport because the flight was delayed. We arrived on time and had a pleasant trip. The bus was fairly empty and we were able to sit down and relax. The driver was friendly and the ride was comfortable. It was a nice way to start the day.

Unfortunately, our flight was delayed again. This time it was due to a mechanical issue with the plane. The crew worked hard to get the plane back in the air, but it was still a long wait. We had to wait for nearly an hour before we could finally board the plane.

The flight itself was uneventful. We arrived on time and the baggage claim was quick and efficient. Even with the delays, it was a great trip and we enjoyed our time in the air. We highly recommend taking the bus to the airport for a smooth and easy travel experience.

The Colburns had all been working very hard at the farm in the morning. Mrs. Colburn was picking up the vegetables while Mr. Colburn was plowing the field. Their children, Johnny and Mary, were helping their parents in various tasks. Johnny was feeding the chickens and collecting eggs, while Mary was picking berries in the garden. Their neighbor, Mrs. Smith, walked by and asked if she could have some fresh eggs. Mrs. Colburn kindly agreed and gave her a dozen. Mrs. Smith thanked her and went on her way.

Johnny and Mary talked about how much they enjoyed helping their parents. They were happy to contribute to the family's income. Mrs. Smith stopped by again in the evening and brought them a basket of fresh bread as a thank you. The Colburns were incredibly grateful for Mrs. Smith's generosity.

At Beckville High, Pat Williams cooks for her 200 sternest critics

By Dorothy Tuttle
Staff Writer

Ask a high school teacher how many meals are served in the cafeteria of the school where they teach, and the answer will most likely be: "The school is too busy to serve meals at all." But when Pat Williams takes over the kitchen at Beckville High School, she doesn't just serve food; she serves a culinary masterpiece every day.

For years, Pat has taken over the kitchen at Beckville High School during the summer, offering a diverse menu that includes everything from soups and stews to salads and pastries. Her cooking philosophy is simple: "The food should be fresh, flavorful, and unique."

One of Pat's most popular dishes is her "Meatloaf with Blue Cheese." The dish is made with ground beef, blue cheese, and a blend of spices. It's baked in a loaf pan and then served with a side of mashed potatoes.

At the time of this article, Pat was preparing for the upcoming school year. She had already started working on her menu for the fall semester, which included such dishes as "Chicken and Rice Casserole" and "Beef Stroganoff." Pat is known for her ability to create new and exciting dishes that are both delicious and nutritious.

At the moment, all her efforts are directed toward creating a menu that will satisfy the 200 sternest critics of the Beckville High School cafeteria. Pat's dedication to providing high-quality meals has earned her the respect and admiration of her students and teachers alike.

At the end of the day, Pat's goal remains the same: to provide fresh, delicious, and nutritious meals to the students of Beckville High School. With her talent and dedication, she is sure to continue to serve up delicious dishes that will keep her students coming back for more.

Zoe's Recipe Box

Unusual chocolate pudding, Mexican popcorn recipes are given by Zoe

By ACOUMA STORRIER

Zoe Williams, the 19-year-old chef at the Pepperidge Farm in Santa Monica, is a woman on a mission to create something new. Her latest creation is a chocolate pudding that is unlike any other she has ever made.

The pudding is made with Mexican popcorn, which is a type of corn that is roasted and coated with spices and seasonings. Zoe added the popcorn to the pudding mixture, creating a unique and delicious flavor combination.

To make the pudding, Zoe first mixes together the ingredients for the pudding base, including chocolate, sugar, and eggs. Then she adds the Mexican popcorn, which is crushed and mixed into the batter. The pudding is then poured into a loaf pan and baked in the oven.

The result is a rich, creamy pudding with a delicate crunch from the popcorn. Zoe says that the pudding is "the perfect dessert for a hot summer day."

Zoe's recipe for the pudding is as follows:

Ingredients:
- 1 cup sugar
- 2 eggs
- 1/2 cup cocoa powder
- 1/2 cup cornstarch
- 1/2 cup heavy cream
- 1/4 tsp salt

Instructions:
1. Preheat oven to 350 degrees F (175 degrees C).
2. In a medium bowl, mix together sugar, cocoa powder, cornstarch, and salt.
3. In another bowl, beat eggs until light and fluffy.
4. Add eggs to dry mixture and beat until smooth.
5. In a third bowl, beat heavy cream until it holds soft peaks.
6. Fold cream into pudding mixture.
7. Pour mixture into a loaf pan and bake for 30-40 minutes, or until set.

Zoe's pudding is sure to be a hit with anyone who tries it. It's a delicious blend of sweet and savory flavors that will leave you wanting more.
