Panola County Post
Economy may have bottomed out

The Texas economy is improving, but the state's fiscal condition is still uncertain, says the state's Comptroller of Public Accounts. In a recent report, Comptroller Susan Combs said the state's economy is showing signs of recovery, but the state's finances remain in a shaky position.

Combs noted that the state's revenue from sales taxes and motor vehicle sales taxes has increased, indicating a pickup in consumer spending. However, she also pointed out that the state's budget is still strained due to a decline in oil and gas prices.

"Texas is making progress, but we still have a long way to go," Combs said. "We need to continue to work on improving our fiscal condition and ensuring that our state's economy is sustainable in the long run."

He sought to take gold and give Christianity
Columbus felt called by God

By Dorothy Davis

Columbus had a vision. He had been called by God and given a mission to reach the Indies. He believed he could find Asia by sailing west across the Atlantic Ocean. He thought he could find gold on the islands he discovered. He wanted to spread Christianity to the indigenous peoples he would encounter. Columbus was a man of faith and he believed God had chosen him for this important mission.

Successor to gold fever
The success of his mission was not to be his undoing but a turning point in world history.

Columbus was just one of many explorers who sought to find gold in the New World. Other explorers, such as Hernando de Soto, Francisco Pizarro, and Juan de la Cosa, also sailed to the Americas in search of wealth and discovery. However, Columbus was different. He had a vision and a mission, and he believed he was carrying out God's will.

Lions Rip Dogs 27-0 as Watson directs big show

By TED LEACH
Henderson — Offense, defense, special teams, punters, kickers, even the punt returners were all important in an upset win against the Dogs by the Henderson Eagles Saturday.

By the time the final whistle sounded in a scoreless first half, the Eagles had scored 17 in the second half and the Dogs were looking for some help.

The Eagles' quarterback, Craig Watson, passed for 241 yards and two touchdowns and ran for another.

Watson threw a 55-yard pass to receiver John Black out of his own end zone and then a 15-yard touchdown pass to running back Bill Johnson.

Johnson added a 65-yard run in the third quarter and another 55-yard touchdown run in the fourth quarter.

The Eagles finished with 336 yards rushing and 366 yards passing.

Henderson head coach Jim Smith praised his team's effort.

"We didn't play well offensively, but we played well defensively," Smith said. "We knew the Dogs would put a lot of pressure on us, and we did a good job of holding them back."
