Inside the jurors’ chambers

The responsibility of judging a death penalty case is a capital murder trial is such a weighty matter that many potential jurors were disqualified. Because they cannot bring themselves to honestly consider entering the death penalty, even if they have found the defendant guilty of the crime of murder.

Have you ever thought about the situation in which you would find yourself? Would you be able to decide whether someone's life is to be spared or taken away? Would you consider the death penalty to be an acceptable form of punishment? What factors would influence your decision?

Kodak reports record sales, operating earnings in 1987

Eastman Kodak Company today announced record net sales of $3.19 billion and record net earnings of $629 million for the year ended Dec. 31, 1987. This represents a 14 percent increase in net sales and a 6 percent increase in net earnings over the previous year. The 1987 results include a $23 million benefit from the sale of the company's stock in the stock redemption plan and a $15 million gain from the sale of the company's stock in the stock redemption plan. The results also include a $6 million charge for the write-off of goodwill.

Getting ready for spring

Drury Gardens of Cape Girardeau takes advantage of a rare warm winter day to prune and trim trees and shrubs. Come spring, white plants are still dormant, in contrast to fall blooming trees such as crabapples and dogwood. The pruning is essential to keep the trees and bushes healthy and strong. In addition, pruning helps to prevent disease and insect problems. It is recommended to prune trees and bushes in the winter months, as this is when the trees are dormant and have less energy to waste. The pruning is also easier to see and understand when the trees are not in full bloom.

Bulldogs take Jacksonville

Take lead in second half

By TROY LEACH

The Jacksonville Jaguars took the lead in the second half and hung on for a 31-22 victory over the Atlanta Falcons on Sunday. The Jaguars improved to 7-6 on the season and clinched a playoff berth for the first time since 2007.

The game started with a low-scoring first half, but the Jaguars took control in the second half. Jacksonville quarterback Blake Bortles threw for 229 yards and two touchdowns, while running back Leonard Fournette added 61 yards and a score on 11 carries. The Jaguars defense held the Falcons to just 199 yards of total offense.

Bortles connected with Marqise Lee on a 28-yard touchdown pass early in the third quarter to give Jacksonville a 10-7 lead. In the fourth quarter, Bortles added a one-yard touchdown run, and the Jaguars were up 21-7.

The Falcons fought back to within 21-14, but the Jaguars scored on a 14-yard touchdown pass from Bortles to Wide receiver Keelan Cole. Later in the quarter, Fournette added a one-yard touchdown run to make it 31-14.

The Falcons tried to rally in the final minutes, but the Jaguars defense held strong and sealed the win with an interception by safety Barry Church.

The victory clinched a playoff berth for the Jaguars, who will play in the Wild Card round next weekend. Jacksonville is tied for the fourth seed in the AFC with the Tennessee Titans, who also won on Sunday.

With the win, the Jaguars finished the season with a 7-6 record and have made the playoffs for the first time since 2007. They will now face the winner of the New England Patriots vs. Los Angeles Rams game in the Wild Card round.

Bortles and the Jaguars will be looking to repeat their playoff success from last year, when they went 10-6 and reached the AFC Championship Game. They will face a tough challenge, as they will have to go on the road to face either the Patriots or Rams in the Wild Card round.

However, Bortles and the Jaguars are confident that they can make a deep playoff run. "We've got a great team here," Bortles said. "We're excited to get back in the postseason and make a run."
**McLennan nips PJJC**

BY TIDAL LEACH

WACO — McLennan made only one foul shot all night and picked up just two points in the fourth quarter when it needed them to win.

The Lady Dogs made seven of 10 shots in the final period, but fell short of the 10 point needed to secure the victory. McLennan led most of the game, but PJCJC (23-11) forced a tie with 19 seconds left in the game.

The Lady Dogs (17-8) led 68-65 with 10 seconds left in the game, but PJCJC scored twice after the turnover and then added two points with 1.2 seconds left to win the game.

Foster grandparents needed for neglected children

By Elizabeth Lee

Volunteering can be a great way to help your community grow and develop. But if you have a lot of free time, you may not get involved as a volunteer. A group of people are interested in volunteering opportunities and have organized a meeting to discuss them. The meeting will be held at the Panola County Library on Tuesday, March 1, at 7 p.m. Attendees are encouraged to bring their ideas and concerns about volunteering.

Local AARP participant attends meet

Carthage resident Beth Kyle participated in the state meeting of the Senior Advocacy Services, American Association of Retired Persons in Austin, February 2-4.

Over fifty coordinators of health care programs came to address such matters as leadership development, 1990 health care goals, and volunteer development. Also included were concerns of the elderly on health care and the medicaid/medicare assurance program.

A retired teacher, Kyle serves as AARP/AMS coordinator for Panola, Gregg, Shelby and Hamilton counties. She has been with AARP for over six years, working with chapter activities and helping in the area of counseling.

With over 1,300 members in Texas, AARP maintains numerous health care services for older adults, including illness prevention, nutrition, saving, and protecting the rights and caregivers guide.

Ag boosters assist livestock show committee

The Panola County 4-H Boosters Club will assist the Panola County Junior Livestock Show Committee in their endeavor to have a successful show and sale for the 1990 Livestock Show which is scheduled for March 11.

The Club’s activities will begin with the show in the morning and will include a Bar-B-Q plate lunch and sale of the animals in the afternoon.

A complete list of buyers will be published after the sale. Some buyers may want to lighten the load and "barn off" in a purchase.

This type of buying is encouraged, especially on large purchases which might be excessive in large sales.

The Ag Booster Club is available to put any buyer, who wishes to do so, in contact with other buyers.

This year, instead of animals and being sold by the pound, all animals will be sold by the head. This is designed to help the buyers in keeping up with their purchases.
