Watchman Staff Report

By Sheryl CURLEY

Staff Writer

The 159th annual Panama County Junior Livestock Show and Sale took place last week, with animal exhibitors from around the county competing to earn prizes.

In total, 830 animals were shown in various classes, including beef, dairy, swine, and goats. The livestock show is a significant event for local farmers and their families, providing a platform for showcasing their animals and demonstrating their skills in animal care.

The event also raises awareness about the importance of agriculture and the role it plays in our community. It encourages younger generations to consider careers in farming and agriculture.

The Panama Watchman thanks all the exhibitors, judges, and volunteers who contributed to making this year's show a success. We look forward to next year's event, which promises to be even more exciting.

Stock show's sales down from last year

By John ALTIER

Staff Writer

The annual Panama County Livestock Show and Sale, held last week, saw a decrease in sales compared to last year.

According to the Panama Watchman, the number of animals sold at the show dropped significantly, with many exhibitors reporting lower prices for their livestock.

The reason for the decrease in sales is not yet clear, but it could be attributed to factors such as changes in market demand, economic conditions, or other external factors.

The Panama Watchman is committed to providing accurate and reliable information on local events and activities. We encourage our readers to support local businesses and attend events in their community.

Antique copper coffee urn shines again

March 16th, 1980

By Dorothy Rice

Florida City Historical Society

A local boy has found the an antique copper coffee urn that had been lost for over a century. The urn, which was believed to have been lost in the 19th century, was discovered in a local abandoned house. The urn was donated to the Florida City Historical Society to be displayed in their museum. The Society is working to restore the urn and display it in a permanent exhibit. The urn is made of copper and has an ornate design on the lid. It is one of the few remaining examples of this type of urn in the area.

Antique copper coffee service acquired by Book Club in 1963

On September 13, 1963, the Book Club of the Carnegie Library in Carnegie, Pennsylvania, acquired a rare and valuable antique copper coffee service. The service, which was used by the Carnegie family, was donated to the Library by Mrs. William P. Carnegie, the widow of the steel magnate. The service includes a kettle, two creamers, and a sugar bowl. It was crafted in Scotland in the late 18th century and is made of copper with a silver overlay. The service is on display in the Library's main exhibition hall.

Special Easter treats can become family traditions

Easter deserves major feasting

By Dorothy Hawke

We asked some people around town what their favorite Easter food is, and everyone had a strong response. Chocolate, of course, is always a hit. But others also had some interesting answers.

Easter should be one of the great days for the food lover. It is a time of indulgence and excess, and it is right to enjoy yourself on this day.

However, it is also a time for restraint. It is easy to overindulge, but it is important to remember that your body needs a balance of nutrients. To help you do this, we have included some recipes that are both delicious and healthy. Enjoy your Easter meal and remember to eat in moderation.
