PERSPECTIVES

EDITORIALS

Can we learn from the Amish?

The only group of 15s in the United States who appear to have withdrawn to a community that grew up in the 1700s are the Amish. Many believe that the Amish have a way of life that has changed relatively little since the Middle Ages, and that has had the benefits of science and technology.

The practical result of this situation is modern technology as it has a high value on the Amish and is generally not used in the community. The Amish believe and practice the values they hold and operate their own community. They do not have to worry about getting ready for a bank or financial institution.

They sleep early, rise early, and do not have to worry about getting ready for a bank or financial institution. They do not have to worry about getting ready for a bank or financial institution. They do not have to worry about getting ready for a bank or financial institution.

Nonetheless, there is something out of the ordinary with the community. The Amish have a way of life that has changed relatively little since the Middle Ages, and that has had the benefits of science and technology.

Back to school

It is the 6th of October. The weather is getting colder, and as we get closer to the war, many parents are anxious to have their children return to school.

SKINNY SCHOOL

It is that time of year again! Kids are going back to school and leaving you with some extra time for yourself. Don't make the most of that time and join in the fun at our school today.
Business Professional Review

Carthage youth turns chore into cash

By Sandy Young

When he was a young boy, a little boy named Jeff McKnight dreamed of owning a store where he could sell his own products. As he grew older, he knew he wanted to work at a business that he would own someday. But he also knew he wanted to be a part of something bigger than himself.

So, when he was still in high school, Jeff decided to start his own business. He bought a truck and started delivering supplies to local stores. It wasn’t long before he had a small fleet of trucks and was making money.

Today, Jeff is the owner of a successful business that he started with just a few trucks and some determination. He has expanded to include a variety of products and services, and his business continues to grow.

Jeff’s story is a reminder that with hard work and a little bit of luck, anyone can turn their dreams into reality. And it’s a testament to the power of personal responsibility and the importance of working hard to achieve success.

Men Make Mistakes...

One man struck a match to see if the gasoline tank was empty..... It wasn't.

One man patted a strange bulldog on the head to see if it was affectionate..... It wasn't.

One man speeded up to see if he could beat the train to the crossing..... He didn't.

One man touched an electric wire to see if it was dead..... It wasn't.

One man cut out his advertising to see if he could save money..... He didn't.

Good Advertising Doesn't Cost..... It Pays!!

Emphasis on family

Bowling alley gets new image

By Sandy Young

Amended to what looks like a bowling alley, the new Santa Fe YMCA, which is expected to open in the spring, is taking shape. The new building will be located on the corner of East Main and Third Street. The club has been working hard to make the new building a reality. The club has been working hard to make the new building a reality. The club has been working hard to make the new building a reality. ANSWERS

To Questions

Q. How is a Mausoleum Built?
A. It is built out of concrete, and the cement, marble and granite.

Q. Why Does A Mausoleum Crypt Have An Advantage Over Ground Burial?
A. When the need arises all decisions have to be made. The family just selects the crypt. Everything else has been decided.

Q. Will The Mausoleum Be Taken Care Of If It Expires?
A. Yes. A trust fund regulated by the State Banking Commission is set up so to always have permanent care and maintenance.

If You Have Any Questions, Call 693-7122

Terrance Allen rushed for almost 100 yards as Carthage blanked Jefferson.
**Football Preview 1988**

In last year's Panola Newspaper's Football Preview, sports editor Ted Leach wrote:

"Without Ivory Brown, the (Palestine) Wildcats were no better than average last year, and they didn't quite prove themselves to Henderson in the title match. They could have won that game, and they were winning with 10:20 left in the game. ...and they were..."  

The Cats lost to Henderson, 35-19, finished 6-4 and went to the playoffs, as good as they were.

Hackleburg, Leach wrote:

"If they don't do it again, coach Joe Oliver will have to account for why the Cats will be 4-6..."  

And they were!  

Tubbs tapped Gladewater to be 8-2 and Daingerfield to go 10-0 in 1989.

"If Henderson, he wrote:

"Chuck Clarks are to gain the state playoffs, and beyond. They're the team to beat in 8-4A south zone, say 8-2 in everything..."

He also predicted "If Danny Maloney is an exception to the rule, there is good talent on hand (at Chapel Hill) and the district's best RB, Alphonse Walker. He also is improvement to 7-2, and possibly a playoff berth. Henderson was 8-2 and Leach correctly predicted Chapel Hill's record.

Morgan was the three-way tie for first in the zone, and the coin toss decided the teams to represent the league. Ted had already picked Henderson, Palestine, Carthage, Chapel Hill, Athens and Jacksonville, in that order. Henderson and Palestine won in the coin toss, the Lions becoming the 8-2 representative.

Finally in his pre-season rundown of Carthage opponents, Ted said:

"There's no way he's for the Indians, but if they're not, they can play the Cardinals.和Cardinals are a good team, but they're not..."

"You guessed it, Jacksonville beat Center...and just nine straight..."

"It's my job to pick up with an unanswerable forecast for certain events no one could foresee..."

Ted and Maudie Leach...
LIFESTYLE

Best estimate: roughly half the town turned out

Kville Centennial—once in a hundred years

A planter was born to the Twin Falls County in 1908, who also turned out to be the co-owner of the Panola Watchman. The planter was a large, round, greenish plant that grew to be about 10 feet tall. The plant was known for its ability to withstand the harsh conditions of the Panola County and was a popular sight in the town.

A welcome note was included by the editor of the newspaper, who expressed gratitude to the town for its support.

GOOD TASTE

Few surprises in "get thin quick" literature

Read one diet book, you’ve read ’em all!

By Dorothy Neville

A number of people in our corner of the world have been following diets. Many have tried different diets, but few have been successful. A common mistake is to follow a diet that is too restrictive, which leads to feelings of frustration and dissatisfaction.

The best advice is to follow a diet that is balanced and includes a variety of foods. This will help maintain a healthy lifestyle and keep the body healthy.

Panola County Roots

BY ROBBIE SULLIVAN

According to information from the Panola County Historical Society, the town of Panola was founded in 1855. The first settler was John Andrew, who surveyed the town and named it after his hometown in Scotland.

The town was once a thriving center of commerce and industry, with a population of over 5,000. However, the town declined in the early 1900s, and by the 1930s, it was a ghost town.

TRUCKLOAD MATTRESS SALE

Why Rent When You Can Buy For Less!

"Cool as cucumber" more than a saying

"Cool as cucumber" is more than a saying; it is a common phrase used to describe someone who is calm and composed. The saying originated in the early 1900s, when people used to say "cool as a cucumber" to describe someone who was calm and collected. Today, the phrase is still used to describe someone who is calm and composed.

In the context of the mattress sale, the phrase is used to describe the low prices available at the sale.

Obey all signs

safety is everybody's business.

WAYS PARENTS CAN HELP:

Discuss and map out the safest routes for your children to travel to & from school. Help them become familiar with the walking rules and the correct procedures to follow

STUDENTS SHOULD REMEMBER TO:

1. Cross in lower colored lights as darker moving hours draw closer.
2. Cross streets only at crosswalks - never from between parked, stopped, or slow vehicles.
3. Before crossing look in all directions to be sure the way is clear.
4. While crossing watch for cars turning corners.
5. When it is necessary to walk on the sidewalk, walk on the left side, facing traffic.
6. Become familiar with traffic control signs, signals, & pavement marks.
