Neal unveiling draws crowd to park
Memories cast light on activist’s life

By Dorothy Hendle
Real Walker
Yesterday, John Neal’s nephew Jonathan took his niece, Jane, to see the film about her uncle's life and work, "Memories." The film, directed by John’s daughter Tricia, has been receiving critical acclaim for its poignant portrayal of Neal’s dedication to environmental causes.

The film traces Neal’s life from his early days as an activist in the 1970s, through his work with the Environmental Defense Fund, to his later years advocating for renewable energy and sustainability. It features interviews with Neal’s friends and colleagues, as well as archival footage of his work.

"Memories" was released nationwide yesterday, and has already received several awards for its compelling storytelling and its powerful depiction of Neal’s life.

Workers’ comp: crisis or canard?

By Phil Martin

Workers’ compensation is a safety net for injured workers, but it can also be a source of frustration. In this article, we explore the complex issues surrounding workers’ compensation and the challenges faced by workers and employers alike.

Our “problem” – is the Texas Workers’ Compensation system. Proposals for reform of the system are common in the state and at the federal level, but there is little agreement on how to fix the system to make it fair and efficient for all.

"We are a nation of workers, and workers are at the center of our economy," said Governor Abbott. "That’s why we need a strong system that protects workers and employers alike."

Sweet-faced burglars, necessary chances

The man who is called the "Burglar of the Century," and who has been known in every part of the world, has been on trial in London for the past two weeks. He was arrested at his home in the early hours of the morning, and was found to be holding a murder weapon. The trial has been conducted in a very solemn manner, and the accused has been found guilty of the crime charged against him. He has been sentenced to death, and will be hanged next week.

Commissioners amend personnel policy

The Panola County Commissioners are to be commended for their action in amending the personnel policy of the county. The new policy makes it easier for county employees to advance in their careers, and it also provides for better training and development opportunities. The policy is designed to ensure that the county's workforce is well-qualified and well-prepared to meet the needs of the community.

Hydrilla problem growing

By Russell Lamb

As the water level of Lake Conroe continues to rise, hydrilla is beginning to grow at a faster rate than it has in the past.

According to a report from the Texas Water Development Board, the hydrilla problem is expected to grow at a rapid pace, with the Texas Water Development Board reporting that the lake is more than 30% covered by hydrilla.

The report indicates that hydrilla is a serious problem for the lake, as it can cause significant damage to the lake's ecosystem and infrastructure.

The Texas Water Development Board is working to find a solution to the hydrilla problem, with the goal of preventing it from spreading further.

AARP needs helpers in tax program

At the 1990 tax season, AARP, the nation's largest non-profit, non-partisan group of older Americans, is offering to help low and moderate income people who are 60 years and over, or who are parents with children under 18, to prepare their Federal income tax returns free of charge.

Volunteers are needed to help AARP with the tax preparation, which will be done at the AARP offices in Carthage. The volunteers will provide free tax preparation assistance to individuals who meet the income criteria.

Cholesterol testing offered this week

One out of every two Americans suffers from some type of heart disease. This number is expected to rise over the next several decades, and cholesterol levels are the number one risk factor for heart disease.

Two important tests that can help you determine your cholesterol levels are a total cholesterol test and an LDL cholesterol test. The total cholesterol test measures the amount of cholesterol in your blood, while the LDL cholesterol test measures the amount of LDL (bad cholesterol) in your blood.

At Wal-mart Pharmacy, we offer these tests for a small fee. If you have high cholesterol levels, your doctor may recommend lifestyle changes such as diet and exercise to help lower your cholesterol levels.

Who will protect your right to gun ownership?

"James Raney"
- National Rifle Association

"James Raney"
- Texas State Rifle Association

The two candidates for state representative have a very different set of values. Like 92% of us in East Texas, James Raney supports your constitutional right to gun ownership. The National Rifle Association and the Texas State Rifle Association interviewed both candidates and strongly endorsed James Raney over his opponent. The fact is, one candidate is listening to Jim Wright and Ted Kennedy and one candidate listens to us in East Texas.

Which Dog will show up Friday?

In a game of inches and yards, it was the 15-yard line that was the key to victory. The Lions and the Raggins were tied 14-14 at the half, and the Lions had possession of the ball at their own 15-yard line. The Lions had a first down, and it was third and 15. The Lions needed 15 yards to get into the red zone and set up a field goal attempt.

The Lions lined up for a pass. The Raggins' defense was in a 3-4 alignment, with the safeties coming up to help stop the run. The Lions' quarterback, wearing number 10, dropped back and surveyed the field. He looked to his right, and saw an opening in the middle of the defense. He threw the ball to his right flat, and it was caught by the wide receiver, who took it 15 yards to the Raggins' 30-yard line.

The Lions had gained 15 yards on the play, and were now in the red zone. They lined up for a field goal attempt. The Lions' kicker, number 1, set up for the kick. He aligned his plant foot, stepped back, and kicked the ball. The ball sailed through the uprights, and the Lions had a 17-14 lead.

The Raggins were stunned. They had given up 15 yards on the play, and now the Lions had a chance to win the game with a field goal. Carthage, Kilgore facing title bout

Michael Houston transferred to Carthage and has raised Carthage to a 6-0 mark. Kilgore is 5-1 and both teams have been strong in defense. Carthage's bench isn't as strong, however, which could favor Kilgore's depth. The game will feature two veteran quarterbacks - Carthage's Jeff Houston and Kilgore's Mike Fox.
