City nears decision on infectious waste

Tyson objection to incineration called 'mis

... That incinerator operates at something like 1,800 de-
grees... Any kind of infectious agent would be destroyed at
well below that temperature.

--- Richard Leard, Texas Air Control Board

--- Bob Justice, mosquito control inspector at Tyson Headquarters in Springdale, Ark.

--- the company has not made a formal decision on the matter, but if it is necessary to reduce the amount of infectious waste, or with the DEQDC committee.

--- I think there was just a misun-
... mistaking them... Judge said.

--- the DEQDC committee.

--- I believe they (the DEQDC committee) would be happy to have us in there, but they said they didn't want to upset those who are往 the area of 5,000.

--- 200,000 per year, for any kind of infectious agent to be destroyed.

--- 1,800 degrees. I think they would need about 7,000 tons per year, but at the time was not concerned of the danger to city employees should this occur.

--- Tyson's efforts to close plant in November for Thanksgiving and Christmas are being released that prompted the board to consider the matter.

--- there is no objection what-

--- some kind of infectious agent would be destroyed at well below that temperature.

--- that the DEQDC committee.

--- I believe they (the DEQDC committee) would be happy to have us in there, but they said they didn't want to upset those who are...
Common sense.

Think about it. If the electric company had its way, everyone would have an all-electric home with a heat pump. The problem with the heat pump, though, is that it is only about half so long as a natural gas furnace. And with a heat pump, you’d still have to have expensive backup electric space to stay warm. With economical natural gas, all you need is an efficient gas furnace--which makes a lot more sense.

Remembering JFK

It is hard to imagine the impact of John F. Kennedy's death on the United States, especially during the American Revolution. It is a time to reflect on how John F. Kennedy died in Dallas, and that day in Dallas is an distressing time for all Americans.

Kennedy's assassination was the first volley in the battle of blood that was later known as the Kennedy assassination. Robert and Martin Luther King Jr. As the title became our time of mourning, the Kennedy assassination was the archetypal example of the American tragedy. A Kennedy assassination is not only a tragedy for those who sought to end the honor and respect for the Kennedy family, but a tragedy for all who seek to end the corrupt and uncooperative cause.

Kennedy's assassination was a wake-up call to the nation that we could not afford to ignore.

Pinny Woods Diary

Through the blind eyes of the thief

December 13 is the first day north, the month dedicated to remembering. The second Saturday of December is the day dedicated to remembering the Kennedy assassination.

Walking into the store, the thief was using a bag as a weapon. As he walked into the store, he seemed to be looking over his shoulder, as if he were trying to avoid detection. The store was quiet, no one was around, and the thief seemed to be looking over his shoulder, as if he were trying to avoid detection. The store was quiet, no one was around, and the thief seemed to be looking over his shoulder, as if he were trying to avoid detection.

When the thief entered the store, he was looking over his shoulder, as if he were trying to avoid detection. The thief was using a bag as a weapon. He walked into the store, looked over his shoulder, and then walked out of the store. The store was quiet, no one was around, and the thief seemed to be looking over his shoulder, as if he were trying to avoid detection.

The thief walked out of the store, and the store was quiet, no one was around. The thief seemed to be looking over his shoulder, as if he were trying to avoid detection.

Galloway News

BY MRS. CLOIS BAKER

Our community recently held a very successful Fall Festival at Galloway School. The weather was perfect, and the school grounds were beautifully decorated with fall foliage. The festival featured a variety of activities, including a pumpkin patch, face painting, and a craft fair. The Galloway High School cheerleaders performed a demonstration for the crowd. The student council members also sold homemade pies and cookies, which were very popular among the attendees. The proceeds from the festival will be used to support the school's upcoming field trip to New York City. We are grateful for the support of the community in making this event a success.

Surprised with a party
Allen celebrates 79th birthday

Mr. and Mrs. Allen of the home on Cherry Drive were given a surprise 79th birthday party by members of the family on Saturday, Oct. 19.

Mr. Allen came home to find the dining room filled with decorations made by his grandchildren. He also found a special gift of flowers and a birthday cake ready for him. His family had gathered around to wish him a happy birthday.

The Allen family has five children: David, Donna, Linda, Gary, and Susan. They all live in the area and came together to celebrate this special occasion.

The party lasted until late into the night, with music and games keeping everyone entertained.

Happy Thanksgiving

Welch family says thanks

The family of Morgan Welch, who passed away recently, express their gratitude to all who offered their support during this difficult time.

"We are deeply thankful for the love and care that was shown to our family," said Mrs. Welch. "We couldn't have made it through without the help of everyone who was there for us."

The family has requested that donations be made in memory of Morgan to the local cancer research foundation.

Thanksgiving has more importance today

By Dorothy Norris

No longer Christmas’ poor relation

By Dorothy Norris

The idea that Christmas is the main event of the winter season is a modern one. In earlier times, Thanksgiving was the major celebration of the season. The Pilgrims had to be innovative in planning Thanksgiving, too. They had to find a way to make it special when they were living in a new land with limited resources.

Thanksgiving was a time to give thanks for the harvest and to share a feast with friends and family. It was a time to come together and celebrate the goodness of God. Today, Thanksgiving is still a time to give thanks, but it is also a time to celebrate the abundance of our modern world.

Thanksgiving is a time to share with others. It is a time to show appreciation for the gifts we have been given. It is a time to remember the struggles of the past and to look forward to the future.

Thanksgiving is a time to be extra-lax and down to the bone! It is a time to let go of the stresses of the week and to enjoy the company of others.

Thanksgiving is a time to save money and to be frugal. It is a time to make a special effort to prepare a delicious meal on a tight budget.

Thanksgiving is a time to be creative and to think outside the box. It is a time to try new recipes and to experiment in the kitchen.

Thanksgiving is a time to give back. It is a time to do something special for someone else.

Thanksgiving is a time to be grateful. It is a time to appreciate all the good things in our lives.

Thanksgiving is a time to be humble. It is a time to remember that we are blessed.

Thanksgiving is a time to be thankful. It is a time to give thanks for all the things we are grateful for.
A TIME TO GIVE THANKS

Students learn the story of Thanksgiving

By Sharyl Cortez

The story of Thanksgiving is a wonderful tale to tell in 1997 by Plymouth students for their local audience as students learn the history of Thanksgiving Day and prepare for the holiday weekend.

When the Pilgrims land aboard the Mayflower at Plymouth, Massachusetts on November 21, 1620, they were greeted by a new life. The land was fertile and the Native Americans, the Wampanoag, welcomed them to their home. The Pilgrims celebrated the first Thanksgiving in 1621 with a three-day feast that included turkey, corn, and other foods from the land.

The colony had a difficult start, with many deaths due to disease and starvation. The Pilgrims were grateful for the food they had grown and received from the Wampanoag.

Colonial women spent many days preparing for the big day and the children helped by tending the gardens. There were games of hide and seek and other outdoor activities.

The Pilgrims were thankful for the food they had grown and received from the Wampanoag. The feast was a celebration of the harvest and a prayer for the future.

The reason for Thanksgiving

Carriage Primary students learned about the events that led to the Thanksgiving holiday and the tradition of giving thanks.

The students learned that the Pilgrims were grateful for the food they had grown and received from the Wampanoag. The feast was a celebration of the harvest and a prayer for the future.

The students also learned that the Pilgrims were grateful for the food they had grown and received from the Wampanoag. The feast was a celebration of the harvest and a prayer for the future.
