Youth who love the land

As more and more lands disappear into the maze of something called "development," it becomes harder for young people to enjoy the great outdoors. For a generation of kids, the 1960s, it was possible to go hiking, camping, and fishing without much thought about the future. But as the world becomes more urbanized, it becomes harder for young people to make a connection with nature.

**Fillies battered, 104-81**

By TED LEACH

It was the watching Panola fans in the stands, while Angelina and the rest of the world watched the game on TV in Pitkin, and with a similar, even larger audience, that would be the deciding factor in the Region XIV playoffs between the Lady Fillies and the Lady Owls of Tarkington.

The Lady Fillies found out that the Lady Owls would be the ones to watch, as they lost to Tarkington, 104-81.

The game was one of the worst for the Lady Fillies, as they were outplayed by the Lady Owls, who scored 35 points in the first quarter alone. The Lady Fillies struggled to keep up with the Lady Owls, and by halftime, they were down by 20 points.

In the second half, the Lady Fillies tried to come back, but it was too little, too late. The Lady Owls continued to dominate, and by the end of the game, the Lady Fillies were down by 23 points.

The Lady Fillies will now have to regroup and prepare for their next game, which is against the Lady Eagles of Atascocita. It will be a tough game, but the Lady Fillies are determined to come back and win.

Dream of support group for widowed nears reality

By Dorothy Hartwick

Dream won't be a lie. If you take a moment to breathe, it will come true. A dream about a support group for widowed. It is not just about lessening the pain, but also about helping others who are in the same situation.

Cecilia Ballard knows pain of losing mate

Cecilia Ballard was the purchaser for Kalamazoo. She lost her husband, a heart attack, in 1989. She had been a married woman for 24 years and had no children. She felt alone, isolated, and at times, depressed.

The worst part of it is that you can't tell anyone. And what you do to cope will probably come as a shock to the support group when they find out.

Shady Grove News

Greeting from San Francisco, I miss you all and will write more when I have the time. Do you remember the time when you were all at the Shady Grove Community? I have some pictures that you might enjoy looking at.

Mrs. John Howard, Mrs. John Wheaton, and Mrs. John Dickinson were some of the members who visited at your house.

Mrs. Howard was a very kind lady who always had a smile on her face. She was a great cook and would often invite everyone to her house for a meal.

Mrs. Wheaton was very outgoing and loved to tell stories. She had a good sense of humor and always made everyone laugh.

Mrs. Dickinson was a bit more reserved but very kind. She was always there to help and would often offer her house for gatherings.

These people, along with many others, make the Shady Grove community a special place to be.

Thanks for reading!
