Old county jail back in business

By DOROTHY NEVILL

LaGrone was the first county jail in the county and was located next to the courthouse. The jail was built in 1886 and was in use until 1965. It was closed due to a lack of funding and personnel. The county has been looking to renovate the jail for use as a historical site. The county has received grants and donations to help fund the project. The renovation is expected to be completed in the near future.

PHARMACY TOPICS
By Glenn Jones, Registered Pharmacist

Choosing a pharmacy is an important matter. We cannot emphasize this more than we can today. The following are some tips to keep in mind when choosing a pharmacy:

1. Convenience: Is the pharmacy located in a convenient location? Is it easily accessible by foot or car? Is it open during your usual shopping hours?

2. Quality: Is the pharmacy known for providing high-quality products? Are they reputable in the community?

3. Customer Service: Does the pharmacy provide excellent customer service? Are the employees knowledgeable and helpful?

4. Price: Is the pharmacy offering competitive prices on the products you need?

5. Special Offers: Does the pharmacy offer any special offers or discounts for the products you need?

6. Insurance: Does the pharmacy work with your insurance provider?

By choosing a pharmacy that meets these criteria, you can ensure that you are getting the best possible care for your health needs.

Disсident Episcopalianѕ optimistic about future

By Dorothy Novis

When 2,500 Episcopalians met in New York City last week to discuss their future, much of the attention was focused on the Anglican separation with which the Episcopal Church is in dispute. But, in the words of Bishop Robert S. Leach, of Colorado, the meeting was an opportunity to focus on the issues that have been dividing the church for years — the nature of the church and its relationship to the rest of the world.

Leach said that the Episcopal Church, like many other churches, has been struggling with the question of how to be a faithful witness to the gospel in a changing world. He said that the church needs to be more open to new ideas and to be more willing to take risks.

Leach also said that the church needs to be more active in addressing the issues of poverty and justice.

"We need to be a church that is actively engaged in the world," he said. "We need to be a church that is willing to take a stand for the poor and the oppressed."
