Phillips hopes philosophy appeals

By DONALD COOPER

Tom Phillips hopes his brand of philosophical well will go as well with the voters come November 1989 as he is to elect to a full term as judge of the 10th Judicial District of the County Supreme Court. In January 1988, Gov. Tom White appointed Phillips from the 29th Judicial Court judge in Panola County, to the state's judicial position. He was re-elected in November 1988, defeating then 29th Judicial Court judge Ted L. Roddier with the election of Phillips by 7,478 votes.

The 1989 election will be Phillips' third in a row. He says he is a candidate for the office of District Judge in the 10th Judicial District of the County Supreme Court. Phillips says he is not involved in the decision to challenge Phillips in the 1989 election.

Reynolds likes what he sees; hitting said contagious

Bulldogs lighting fires early on

The Methodist has really great
confidence in his players and coach
this year and he's convinced it will
be a very good year for his program.

There are a lot of reasons why
the Bulldogs can do well this year,
but the main reason is the depth of
the players. Not only has Reynolds
brought in some new talent, he has
also developed some of his returning
players. This has given the team a
lot of versatility and has made them
a much stronger team.

The other reason why the
Bulldogs can do well this year is
the experience of their players. Many
of the players have been playing
for the team for a few years and
they know what it takes to win.

Reynolds is looking for a team
that is going to be very competitive
and that is going to give a lot of
effort. He is hoping that the team
will be able to make a run at the
title this year.

Harkrider bats .500 in series

Barry Harkrider was once again
the focus of the offense for the
Bulldogs. He hit a home run and
two doubles in the series against
the Mustangs. Harkrider is hitting
.500 in the series and is one of the
leading hitters on the team.

The other players on the team
have also been hitting well. Some
of the other big hitters for the
Bulldogs this year include John
Smith and Mark Jones. Smith
has hit two home runs and Jones
has hit two doubles in the series.

The Bulldogs are confident that
they can make a run at the title this
year. They have the experience
and the talent to do so. With
Harkrider leading the way, they
should be able to compete with
the best teams in the league.

Bulldogs looking for a win

The Methodist Bulldogs are
looking for a win in their next game.
They are currently 3-2 in the league
and are looking to improve their
record. The Bulldogs will be facing
their biggest challenge of the season
when they play against the Mustangs.

The Mustangs are the top team
in the league and are unbeaten so
far this season. The Bulldogs will
need to play their best if they want
to have a chance at a win.

How to spend summer
Cousins work as shoe shine boys

By SHERRY MORGAN

As the last, sun-tinged days of summer fade into the hot, dark nights of fall, a new season begins.

A new season of work begins for the 12-year-olds and 14-year-olds who are cousins and live in the same small town. These boys have been employed by a local shoe shine shop since May, earning $3 an hour.

Their duties are simple: shine shoes and talk to customers. They have been employed by the shoe shine shop since May, earning $3 an hour. Their duties are simple: shine shoes and talk to customers.

"The boys have been doing a great job," said the owner of the shoe shine shop. "They're always on time, and they work hard. They're a credit to their family and their community."

Social Security

Other income may affect benefits

By Lyrics Maloney

LOUISVILLE, Ky. (AP) - The Social Security Administration said Tuesday that many Americans who receive Social Security benefits may see their payments reduced if they earn too much income or have too much other income.

The amount of Social Security benefits a person receives depends on the amount of money they earn and the amount of other income they have.

In October, the administration announced that it will cut benefits for people who earn more than $15,000 a year and have more than $25,000 in other income.

The administration is trying to determine who is eligible for benefits and how much they will receive.

The administration said that it will use a new formula to calculate benefits for people who earn more than $15,000 a year and have more than $25,000 in other income.

The formula is based on the amount of money a person earns and the amount of other income they have.
