Panola County was Texas' 10th leading producer of natural gas during July, according to figures released by the Texas Railroad Commission. Wells in Panola County produced 10,106,091 Mcf (thousand cubic feet) of natural gas in July.

Panola County leads in gas production

The state's gas fields produced 4,121,700 Mcf during July, up from June's production of 4,043,091 Mcf. The only production decline was Panola, where production was down 1,160,000 Mcf.

The top producing counties wereWebb, with 8,625,200 Mcf, and Sabine, 1,835,280 Mcf. In third place were Panola, 1,200,000 Mcf, and Crockett, 1,210,000 Mcf.

During July, there were 43,003 gas wells in production in Texas.

The state's crude oil production declined in July, falling to 1,780,000 barrels per day, well below June's average of 1,777,000 barrels per day.

Chamber plans annual breakfast

The Panola County Chamber of Commerce breakfast will be held at 7:30 a.m. Oct. 6 at Panola College. The event will feature new chamber members.

Warren Bradley will provide entertainment for the audience. Bradley has performed at the opening concert for the New England Philharmonic in Boston, the famous Hotel Royal in Las Vegas, and the Fontainebleau Hotel in Los Angeles.

Bradley also provides the voice of Celebrity Winds Unlim., which supplies music for amusement machines, restaurants, country clubs, and many others in the valley. He can be heard all over the country.

Local officials will attend the breakfast.

Awards will be given to the valley's top chamber members.

There will be a $100 gift certificate drawing at the breakfast.

Carriage teacher meets Chapman, touts child care

Herman Reed of Carriere, Miss., recently met with Representative Chapman, who has introduced legislation to provide federal funding for child care. Reed wrote to Chapman about the need for improved child care programs.

Reed was a member of the Congressional Executive Council, the National Education Association. Among other issues that Reed discussed with Chapman, was the recent legislation to provide federal education appropriations and proposed legislation to increase the number of teachers in these areas.

"There is no other proposal that would be more direct in giving our nation's principles of equal opportunity and education to all a real chance of getting off the starting block," he wrote.

Chapman said that he has been impressed with the work that Reed's program is doing in his home state. "I think we should continue to work on this issue," he said.

Carriage teacher Doug Hays letter to the Editor

Doug Hays, a representative of the Early Childhood Education and Family Services program at Panola College, has been working with the teachers and administrators to improve the quality of education for young children in the area.

"I am looking forward to seeing the improvement in the program," Hays said. "We believe that by improving the quality of education for young children, we can help ensure a bright future for them.

Bach or Beethoven: Theory's important

The East Texas School of Music will begin forming classes Monday, with registration continuing through Thursday.

The small group classes of 5 to 7 students will begin meeting Oct. 5.

Each class will meet twice monthly for three months.

Dr. Gary E. Johnson, director, said he had given a survey to all majors, including some of the students, to get feedback on their concern.

The class is a comprehensive introduction to music theory, including the study of music history, as well as the opportunity to perform.

The class will meet every Thursday morning for three months.

"The class is designed for the music major or minor," Johnson said. "But we also welcome anyone who is interested in learning more about music theory and history.

Johnson said he also plans to offer other classes in the future, including a course in music history and another in music theory.

Homecoming

CHS students prepare for annual festivities

All students are urged to come to the High School between 5 p.m. and 9 p.m. to meet and socialize. The event will feature a candlelight parade, followed by a formal dinner at 7 p.m. in the school's gym.

The festivities will conclude with a dance at 9 p.m. in the school's cafeteria.

John Jordan demonstrates the classical music of Chopin.

The one hundred and ten year old history of the East Texas Oil and Gas Division of the Texas Railroad Commission has been recorded in a new book. The book, entitled "The Story of the East Texas Oil and Gas Division of the Texas Railroad Commission," details the history of the division, its contributions to the region, and its impact on the economy.

Several former employees of the division have contributed their memories and experiences to the book, providing a unique perspective on the history of the division. The book is available for purchase at local bookstores and online retailers.

Strength For Living

BY JERRY BURNAMAN

Life is a journey, marked by peaks and valleys, successes and failures. It is a journey that shapes us, challenges us, and makes us who we are. It is a journey that teaches us valuable lessons and opens our eyes to new possibilities.

The journey of life is not always an easy one. We face obstacles and setbacks, and we are often tested by the trials and tribulations that life throws our way. But through it all, we learn and grow, and we become stronger.

One of the most important lessons we can learn on this journey is the importance of self-care and self-love. It is easy to get caught up in the demands of life and neglect our own well-being. But it is important to remember that we cannot take care of others if we do not first take care of ourselves.

By prioritizing our own needs and well-being, we are able to better care for those around us. We are able to approach life with a more positive attitude and a greater sense of focus. And we are able to live our lives to the fullest, fully embracing all that life has to offer.

Remember, life is a journey that is uniquely yours. And you have the power to shape it and make it your own. So take care of yourself, love yourself, and embrace every step of the journey.

Hunts to celebrate golden anniversary

By Mrs. Dorothy Woods

The Hunts of Carthage, the prestigious family of that city, are celebrating their golden anniversary this year. Carl and Ruby Hunt, who have been married for 50 years, will be honored at a special event on Saturday, October 8th. The couple, who have lived in Carthage for most of their married life, have raised four children and have been active in the community for many years. The celebration will include a special service at the First Baptist Church, followed by a reception at the Hunt home. The couple's four children and their families will also be in attendance. The Hunts are well-known in the Carthage area for their philanthropic activities and their love of music. They have been active in the local church and have supported many charitable causes throughout the years. The couple continues to be an inspiration to many in the community. The Hunts' children have all married and have families of their own, continuing the family legacy. The couple's children and grandchildren will also be in attendance at the celebration. The Hunts are pictured with their family at the event. The Hunts are pictured with their family at the event.

Freshmen fall 14-10 despite great comeback effort

Carthage fumbles crucial in loss

In the fourth quarter of their Class 3A Division II football game, Carthage made a crucial fumble that allowed the Opposing team to score a touchdown and win the game. Despite the loss, Carthage showed great comebacks efforts throughout the game, which included a strong defense and several key plays. The game was filled with intense competition and a lot of excitement, but ultimately Carthage was unable to overcome the fumble that sealed their fate.
