In Gary Mayoral election

Motion is denied in re-count case

A motion for a summary judgment in the Gary mayoral race election was denied Thursday by a judge of the 157th District Court.

Judge David Moore, a visiting judge from Orange County, denied the motion filed by the National Union of Citizens. The union had filed a motion for a declaratory judgment that the results of the election for mayor of Gary was void because of the racist nature of the campaign.

The judge ruled that the motion was not supported by the evidence presented and that the union had not shown that the election was void.

**How To Be A Good Host And Hostess**

**Offer Soft Drinks**... one third of the adult population chooses not to drink at all. And when someone says "no thanks," don't push it.

**Give More Than A Drink**... introduce people who don't know each other, start a conversation. A host or hostess is not just a bartender.

**Don't Rush Refills**... wait until the glass is empty before you offer another drink.

**Don't Double Up**... a lot of people count their drinks, but if you serve doubles, they'll be drinking twice as much as they can handle.

**Keep Em' Nibbling**... not just later on, but while your guests are drinking. It slows down the rate at which alcohol is absorbed into the bloodstream.

**Dinner Is Served**... if you’re going to serve dinner, do it before the too late.

**Responsible Drinking**

Responsible drinking is the key to alcohol which means more lifetimes and less trouble. Where will this tip go? All around the world. Responsible drinking means a safer world for us all. Yes, some people do drink and drive, but it can be the supposed innocent passenger who pays the price. No one is above the law. This is a problem and we all need to be part of the solution. Yes, it is possible to have fun and be responsible. There will always be parties where alcohol is served for people to enjoy, safely, and responsibly. There will always be parties where alcohol is served for people to enjoy, safely, and responsibly.
