Eighty-three go to trial
Drug related crimes lead jury indictments

Eighty-three indictments have been handed down by the Panola County Grand Jury with nearly half of them being drug related.

Of these indictments there were 41 involving a delivery of a controlled substance, 23 for possession of a controlled substance, two for delivery of a controlled substance under 10 grams, two for delivery of a controlled substance, four for aggravated possession of marijuana, one for possession of a controlled substance and one for aggravated possession of a controlled substance.

Some of the indictments included numerous arrests in the big drug bust that was held Friday, Sept. 1.

Eight of the persons indicted were arrested at the indictment handed down against them.

Chamber holds brainstorming session
Hospital takes top priority at 'program of work' meeting

Health Care was the major theme at a Panola Chamber of Commerce meeting held Thursday at Jan's Restaurant.

Jane Hurst, president of the Chamber, introduced the meeting and emphasized the need to "keep people working." She also requested that more be done for people that are more competitive than ever and it takes better business to keep people more competitive.

John McRae, hospital president, presented a powerpoint presentation and listed the items they intended to be handled at the meeting.

Brooke General Hospital was high priority with every group. Many suggested a committee be formed to investigate the possibility of a merger.

Some believe the commissioners must be convinced to move from one or another to three major doctors and improve the health care facility.

The Chamber discussed the idea of a health fair and make the public more aware of what is available in Carthage. A "happy hour" was the idea that was suggested. The fair is a natural for Carthage since Panola County has some of the best in the area of health care.

Dr. Jerry Nix, Carthage's new attorney, said Nix said that some of the items that the hospital is working on are the modeling of the new hospital, the work is being done.

Nominations deadline near

Nominations are due by Jan. 31 and are due to publicize the Carthage Award. The award was created to honor a Panola County resident for their service and contribution to the community.

The Chamber suggested that a committee be formed to select the award recipient.

Carthage secures first half crown

By TED LAVON

The Carthage High School basketball team played a solid first half against the Pine Tree High School team, securing a lead of 30-16 at halftime. The Lady Dogs had a strong performance, with several key players contributing to the team's success. In the third quarter, Carthage maintained their lead, bringing the score to 42-23. The game was well-balanced, with both teams showing good defense and offense.

"Maybe I'm overprotecting, but I don't want my funeral to be a burden for my children."

Carthage girls blast Pine Tree

I chose Forethought... funeral planning...to funerals where people were more upset than I was with one another. I've heard that things should be kept as simple as possible and that it's really hard for grief itself. That's not going to happen at mine, because I've taken care of everything... ...so Forethought. My children won't have to decide a thing, or even worry about the expense.

Forethought is funeral planning... before the need arises. We all respect that the fact we won't live forever. It's a fact we simply can't avoid. By pre-planning ahead, we help our children avoid at least one major expense that of how they should be handled. I have all my final wishes recorded and no fit at the funeral home, right down to the smallest detail. And I bought the Forethought life insurance policy designed and approved specifically for Forethought funeral planning. Because I'm not going to be there to make any decisions. Now my children won't have to spend a cent. It's just taking care of off my children, just like the mother thing to do.
