Three candidates vie for county judge’s seat

City candidates in contested race for county judge’s seat, candidates were recently decided in the primary election. A list of the candidates is an effort to inform citizens of additional candidates who also ran.

The candidates on the ballots are listed in alphabetical order, so placement of a particular candidate is not an attempt to favor any one candidate over another.

Q: What is your qualification?

Karen Culberson

1. I am the office of County Judge in Collin County, Texas. I am a registered Republican. I have been in the office for more than twenty years and have experience in both the legal and medical fields.

Child listed in ‘good condition’

Dog mauls 4-year-old

Four-year-old Kenneth Coulter was badly mauled Tuesday afternoon by a stray pit bull that ran onto the back porch of his family’s home.

The dog, named “Badger,” went for the child’s face and neck, leaving a severe wound.

The child’s mother, Shari Coulter, ran to her son’s rescue and successfully kept the dog from making another attack.

Commissioners to meet Monday

Panhel County Commissioners Court will meet at 9 a.m. today to discuss the situation.

Denny Buck Davidson will address the committee on the proposed extension of the county line.

Polls open 7 a.m. Primaries set Tuesday

Polls for Tuesday’s Democratic and Republican primaries will open at 7 a.m. and remain open until 7 p.m. for both voting locations, the Texas Secretary of State said. In addition, the polling locations will be open from 7 a.m. to 7 p.m. on Saturday for early voting.

In contested county races, Culberson, Johnsk and Denny Buck Davidson are running for county judge. Mike Parker, judge of county court, is also seeking re-election.

Voters are encouraged to bring their registration certificates with them to the polls; however, electronic voting equipment will be used for those who do not have a voter ID.

In the 1990 congressional race, 1,140 of Panama County’s 12,578 registered voters participated in the election, according to the county clerk.

You told the commissioners we wanted a full-time veterans office. They did as they wanted and cut it.

The two remaining commissioners have left the message that they will do as they please.

These commissioners don't mind spending money for new offices for themselves, but they won't spend the money needed for veterans.

Do you think you have forgotten?

Loblolly created for economic education

By LINCOLN HINDS

Loblolly was created by the Louisiana State University Agricultural Center for the purpose of combining wood and paper into a single product, thus saving the state money by not having to import wood. The end result is a product that is better than the imported wood and paper and will last longer.

**An open letter to the people of District 10...**

Dear Friend:

I'm writing this personal appeal to request your support in my upcoming election. I've been a strong voice for the people of District 10, working hard to ensure that our voices are heard in the Texas legislature. In order to continue serving the people of District 10, I need your support.

Thank you for considering my request. I look forward to serving the people of District 10 for another term.

Sincerely,

[Your Name]

Since I formally announced my candidacy for the office of County Judge, I have had the unique opportunity to meet and acquire many new friends and renew old friendships. My only regret is that I have been unable to personally meet and talk with all of you concerning your needs and ideas. 1990 has demonstrated a willingness to listen and if I am elected my office will be open to everyone.

School menus

A judge should have enough knowledge, reasoning and restraint to make the right and reasonable statements about anyone. He should not be a party to rumor spreading.

A judge should avoid even the appearance of impropriety. His personal conduct must not be the subject of censure or disapproval. A judge must have the courage to protect the constitutional rights of the unpopular accused who according to the law is presumed innocent until proven guilty. A judge has the duty to make sure everyone plays by the rules which ultimately protects the rights of everyone. He must truly care about people of all ages, races and financial circumstances.

My humble opinion, a judge should be knowledgeable in the law and his judicial decisions should be fair and impartial and where possible tempered with mercy. His personal conduct should be beyond reproach and his credibility unquestioned. A judge must have the courage to protect the constitutional rights of the unpopular accused who according to the law is presumed innocent until proven guilty. A judge has the duty to make sure everyone plays by the rules which ultimately protects the rights of everyone.

However, if you are for positive campaigning based on qualifications and honesty and agree with my ideas and thoughts about Judges then I strongly urge you to vote for me.

Will the REAL Jerry Johnson please stand up?

Contrary to what Jerry Johnson preaches he:

☑ Refuses to turn your public records over to you.
☑ Wants to tax food & medicine!
☑ Is backed by giant utility and insurance companies!
☑ Was fired from his last two jobs.
☑ Drew unemployment while campaigning for office, and still doesn't have a job.

Re-Elect Democrat

Jerry Johnson

State Representative

Paid for by Concerned Citizens, 301 North Street, Navasota, TX

These are the REAL facts.

"My opponent thinks he can fool East Texans with misinformation and false accusations...I know he can't. Here are the REAL facts."

Fact 1
My trial lawyer opponent thinks PAC's are bad. What he doesn't understand is that Political Action Committee (PAC) is simply a group of individuals of like mind who pool their funds and efforts to support good candidates of their choice. Some of the finest citizens in our District are members of PAC such as Farm Bureau AGFUND, Texas REALTORS, Texas Foresters, Texas Rural Water Association, and various teacher groups. ALL PAC's aren't corrupt!

Fact 2
My opponent thinks a legislator can vote for a 2.79% raise for himself. What he doesn't know is I can only vote to bring an issue before the people. I voted to do that and you made the decision. State Representatives are still making $4000 per month just as they have been since 1973.

Fact 3
The solution for funding our educational system is a difficult one. Bills before the House during regular session were very weak. If I voted for one, 11 of the schools in my District would be adversely affected. So I voted for one that would affect only 4 schools. My job is to vote in the best interest of the majority of my constituents. My trial lawyer opponent talks about education, but what has he said? Nothing!

Since the campaign began, my opponent has taken selected elements out of context and tried to make campaign issues of them. Isn't this usual procedure for a trial lawyer? Know the facts!

Fact 4
My opponent is right! One can't serve two masters. One can't sue people and defend dope dealers and provide a better Texas for future generations.

Fact 5
The Lawyers Involved for Texas, a trial lawyers PAC, contributed $855,000 to legislators in Texas in an attempt to prevent the reform of Worker Compensation Insurance. Not one dime was accepted by Jerry Johnson. Why do you think they want him defeated?

Fact 6
I am opposed to an income tax and have never even mentioned a sales tax on food or medicine. Simply another untruth by my trial lawyer opponent.

Fact 7
One sure way to make your voice heard in Austin and in your community—Re-elect Jerry Johnson, State Representative, District 10.
