Commissioners begin work on PGH project

Panola County Commissioners met in regular session Monday, wait- ing to hear Southwest Exploration's financial advice in the house on Certificate of Eligibility filed for one in Panola.

Panola County Commissioners

The action comes as the result of the Panola County Commissioners approving the $4 billion project. The

new 220,000 square foot facility will house a new emergency services sur-
guard site and observation area.

Ed Moore, representing Southwest Exploration, is quoted by today's

Daily News as saying that his firm will work with the local govern-
ment to provide for the best and safest services.

The 10 years prior to that was in-

city management. We say the fin-

cancial advisor in the City of Carthage
described the process. "The 2 Toms
nearly 4 years. We have a work of a

number of changes," said Moore.

The new facility will be in the middle

of the Panola County Sheriff's office for

the last eight years. Moore has been

working with Panola County officials

on the hospital project for the last

two months.

"There are two ways to look at

the case to the public. The company,

penned the Panola County Board of

Commissioners also passed to a Board of

Commissioners. The</lagen>
Deadline nears for TASP registration

Friday, March 30 is the deadline for early registration for the Teacher Association of South Plains (TASP) convention to be held in San Antonio April 2-5. TASP members interested in attending the convention must register by March 30.

April 1 is deadline
Census undercounting means loss of millions

April 1 is the day for Panola County citizens to take part at the U.S. Census Bureau's 2010 Census. "Census Undercounting Means Loss of Millions" is the theme for this year's Census. The Census counts everyone in the United States every ten years, and the results determine the amount of funding available for local programs and services. The larger the population, the more funding will be available.

Beta Sigma Phi selects "Woman of the Year"

Tama Lakeside Lion Chapter of Beta Sigma Phi will honor its "Woman of the Year" at its meeting in March. The event was held in honor of Texas.setSelected.length

NOW THAT YOUR BANK’S BEEN SOLD

have your CDs and IRAs been marked down to help pay for it?

Today, when one bank buys another, they often lower interest rates substantially, or CD’s and IRAs, which have you invested. While it’s legal, it’s unfair.

We’re American Federal Bank. And when we started over a year ago, we didn’t pay the fees to our customers. We honored all CD and IRA contracts they wrote. Because we believe a deal is a deal.

American Federal Bank is Texas-owned, $3 billion in assets and profitable. So if your money is locked in a new bank, we won’t force you to sell it.

Art society show set April 7 at CHS

The CHS Art Society will hold its annual spring show April 7 at the school.

This year’s theme is “capturing the moment.” Art pieces may be either two- or three-dimensional. All may be sold at the show, and the proceeds will be donated to help the students travel to art shows and buy supplies.

Art classes are not required of students to attend, but any art major, minor or art enthusiast is invited to submit their work.

The show will open April 7 and will run through April 15. Work must be submitted to the art department March 25 in order to be included in the show.

Students who submit work must sign a permission form stating that they are willing to sell their artwork and that the proceeds will be donated.

The show will be open daily from 9 a.m. to 3 p.m. and will be located in the CHS fine arts wing.

Sales tax rebates up during March

Sales tax rebates for the entire month of March and throughout the state are expected to rise as the state government prepares to distribute the money. According to the state, these rebates are expected to increase by up to 3.3% due to a new tax law that increases the state sales tax rate from 7.75% to 8.25%.

The rebates are expected to increase by up to 3.3% due to the passage of the new tax law. The rebates are calculated based on the amount of sales tax paid, and the state government will distribute the rebates to taxpayers who qualify.

More information on the rebates and the new tax law can be found at the state government’s website.

"Trivial Facts"

The United States had three presidents, all in one month. Martin Van Buren finished his term of office in March, 1841. William Henry Harrison was sworn into office on March 4, 1841, and was succeeded by Vice President John Tyler.

Dr. Tish Byrd attended his own wedding. Napoleon Bonaparte married the daughter of Austrian Emperor Francis I, Maria Leopoldina, by proxy on March 11, 1810. Did you hear about the rancher who had his cattle slated for slaughter? He wanted them to make good pet mutton.

ARTICLES

PERSPECTIVES

State Capital Highlights

By Dana White

The Texas Legislature considered several bills on education, tax policy, and environmental regulations this past week. Senate Bill 2, a property tax reform bill, passed the Senate but was delayed in the House due to a budget impasse. House Bill 13, which would provide additional funding for public schools, was approved by both chambers but awaits Governor Abbott's signature. The Legislature also discussed proposals to address the state's water crisis, including measures to increase water conservation and address drought impacts. Meanwhile, a budget for next fiscal year was signed into law, setting aside $1.8 billion for education and healthcare. Meanwhile, some lawmakers have called for an investigation into the state's response to the Winter storms that caused widespread power outages and flooding. The storms occurred in February, causing significant damage and loss of life. Despite these challenges, the Legislature is expected to continue addressing critical issues facing the state.
