Season calls for egg tips

By Zora Hernandez

As the weather starts to warm up, egg tips are in order. Here are a few tips that will help you make the most of the season:

- Pick the right variety: Choose the right variety of eggs for your recipe. For example, if you're making a sauce, you might want to use eggs with a high protein content.
- Store properly: Store your eggs in the refrigerator to keep them fresh. Check the expiration date to ensure that they're still good.
- Use within a week: Eggs should be used within a week of purchase.

Big first inning rally costs Ellis 4-3 loss

Navarro ends Panola streak at 17

By PANOLA WILCHEN

Panola took the lead in the fifth inning and never looked back in a 4-3 victory over Ellis. The win for the Bulldogs (11-3, 3-1) extended their winning streak to nine games, while the loss for the Bobcats (9-5, 3-1) ended their 17-game winning streak.

Two runs in the fifth inning were the difference in the game. Panola scored its first run in the fourth inning, but Ellis tied the score in the fifth. However, Panola answered with two runs to take the lead for good.

"The defense was huge for us tonight," said Panola coach Mark Davis. "Our pitchers did a great job of limiting the damage, and our offense stepped up when needed."

Experimental road construction big disappointment

The new section of Farm Road 3359, located in the southern part of the county, has been met with disappointment by many residents. The project, which was supposed to improve road conditions and reduce travel time, has instead led to increased traffic and safety concerns.

The new road section was supposed to be completed by the end of the year, but delays in construction have pushed the completion date back to the spring of next year. Many residents have expressed frustration with the project, saying that it has not lived up to its promise.

The construction project was initiated in an effort to improve access to the area, but residents are now concerned about the increased traffic and the potential for accidents.

Residents are calling for a more detailed evaluation of the project to ensure that it meets their needs. They are also urging the county to consider alternative solutions to improve the safety of the area.

Despite the disappointment, some residents remain hopeful that the project will ultimately improve conditions in the area.
