Motion made to fire PGH administrator

By YOLANDA BARTLEY

The sun was shining brightly, and the breezes were blowing out of the east, when the members of the Panola County Hospital Commission met Tuesday evening for a regular meeting. It was the first meeting in which the entire board was present.

The meeting was opened with the reading of the minutes of the last meeting. The minutes were then seconded and approved.

The first order of business was the presentation of a report by the hospital administrator, Dr. Robert Wallace, who reported that the hospital had achieved a net profit of $25,000 for the month of December. He also reported that the hospital had completed several improvements, including the installation of a new heating system and the replacement of the old elevator.

The next order of business was the adoption of the budget for the fiscal year. The budget was presented by the hospital administrator and was unanimously approved.

The third order of business was the consideration of a motion to fire the hospital administrator. The motion was presented by Commissioner John Smith, who stated that he had been concerned about the administration of the hospital for some time and that he had discussed the matter with the other members of the board.

The motion was seconded by Commissioner Mary Johnson and was approved by a vote of 3-0. Commissioner Charles Brown abstained from voting.

At the conclusion of the meeting, the board adjourned. The next meeting of the board is scheduled for Tuesday, March 21st, at 7:00 PM.

Do you believe the Appraisals should build a new building?

Daily Star

In the Spring of 1995, the Spring Creek Apartments were constructed. This new building was the first of its kind in the area, providing a modern and comfortable living space for its residents.

Brian Van Zandt

In my opinion, the Appraisals should build a new building to accommodate the growing population. The current building is overcrowded and in need of renovation.

Jim Smith

I don't think that they should build a new building. The current building is adequate and has enough space for everyone.

John Stup

I don't think that they should build a new building. The current building is adequate and has enough space for everyone.

Cherie Armstrong

I think that they should build a new building. The current building is overcrowded and in need of renovation.

David Greenwell

I think that they should build a new building. The current building is overcrowded and in need of renovation.

CHS holds annual awards assembly

This year, Carthage High School held its annual awards assembly, honoring students for their achievements. The assembly took place in the school's auditorium, where students were presented with various awards for their academic and extracurricular accomplishments.

The event was attended by students, faculty members, and special guests. The assembly featured speeches, presentations, and awards given to students in recognition of their hard work and dedication.

The morning began with a welcome address by the principal, followed by a ceremony to present the awards. Students were recognized for their excellence in various areas, including academics, sports, and community service.

After the awards were presented, the guest speakers took the stage. They shared their insights and experiences, inspiring the students to continue pursuing their goals and dreams.

The day ended with a lively discussion and a question-and-answer session, where students had the opportunity to interact with the speakers and other attendees. The event concluded with a group photo session, capturing the moment and the spirit of cooperation and achievement.

Overall, the annual awards assembly was a testament to the hard work and dedication of Carthage High School students. It provided a platform for them to celebrate their achievements and set new goals for the future.

Howard advances in first round
Hawks rally late, rip Panola 11-7

By LEA BOYER

GLEN LEACH

BHS principal Dr. Elwood Amos has been awarded the Athletic Director of the Year award. Amos received the award from the Texas High School Coaches Association at its annual convention last week.

Howard is one of the few schools in the area that has a football program. The Hawks are currently ranked fourth in the state and are one of the top teams in the country.

Howard's success on the field is due in large part to the leadership of head coach John Clark. Under Clark's guidance, the Hawks have won two state championships and have reached the semifinals in each of the last three seasons.

Despite their success, Clark has been known to be a tough coach. He has often been criticized for his high expectations and demanding coaching style.

However, Clark believes that his approach has paid off. "I think that the players and the community have come to appreciate the hard work and dedication that we put into the program," Clark said.

Howard will face a tough road in the playoffs, but the team is hoping that they can continue their winning ways.

Tribe belts 10 hits, Dogs fall 9-4

By ROBERT LEACH

GLEN LEACH

The Tribe went a win for the second straight game, beating the Dogs 9-4. It was the Tribe's third straight win and their fifth in the last six games.

The Tribe scored four runs in the first inning and never looked back. The team had 10 hits and 10 runs scored. The Tribe's pitching was solid, allowing only four runs in nine innings.

The Dogs had six hits and scored once in the first inning, but were unable to cut into the Tribe's lead. The Tribe's hitting was led by third baseman Timmy Thompson, who had a triple and a home run. Center fielder Mike Murphy also had a strong game, hitting a solo home run.

The Tribe's win was a welcome relief after two tough losses. The team had been struggling offensively and defensively, but was able to turn things around in this game.

The Tribe is now 11-5 on the season and is in second place in the league. The Dogs, on the other hand, are in last place with a record of 5-11. The Tribe will continue their winning ways as they prepare to face their next opponent.
Three-run first gives Carthage 3-2 victory
Trimble wins 12th; Dogs nip Tribe

Trimble won 12th; Dogs nip Tribe

Trimble dashed the hopes of the Tribe on Friday night when the Tigers swept the 12th victory of the season against Carthage. Trimble scored a run in the first inning and a second run in the fifth inning, giving them a lead they would not relinquish.

Beckville Youth Association track-field meet big success

The Beckville Youth Association hosted a track and field meet on Saturday, with local and regional athletes showcasing their skills.

Mrs. John Clouser and daughter, Michelle, were visitors in Groveton last week. Mrs. Clouser brought the New York Times along with her. What a surprise to find out that there is a restaurant in New York with the same name, "The New York Times". Mrs. Clouser said it was quite a coincidence and she would have to check it out next time she visits New York.

Mike and Lynn Motley were in Lake Charles this week to attend the annual Lake Charles Chamber of Commerce meeting. They reported that the highlight of the meeting was the keynote speech given by the mayor of Lake Charles, who discussed the city's plans for economic development.

Where is Mosquito Bend?

In 1722, the Louisiana Purchase was ratified by the French government. It included Mosquito Bend, a region that is now part of Texas. Mosquito Bend was a strategic area for the French, who used it as a base for trade and exploration. Today, Mosquito Bend is a popular tourist destination, offering beautiful views of the Mississippi River and the surrounding countryside.

Flood waters cause loss of cattle in other counties

Mark Dunn, the local agronomist, said that the flood waters in other counties have caused significant losses of cattle. Dunn stated that the flood waters have been breeding grounds for diseases that can be transmitted to cattle. The situation is expected to worsen as the waters continue to rise. Dunn advised farmers to take immediate action to prevent the spread of diseases.
