Board interviews candidates for permanent post

Panola County Judge Dan Scott Cordry has signed the contract as Panola General Hospital Acting Administrator in the absence of Managing Administrator Guy Very. However, a permanent administrator can be expected to be found in the near future, Scott said.

In his absence, the administration of the hospital has been turned over to the managing administrator.

With the Gerthoff Building being readied for the state payroll on Saturday, the hospital is able to handle the increased patient load. The hospital is also preparing to move to the new building in early 1992.

The hospital is currently preparing to move to the new location in early 1992.

School finance finally settled after six special sessions

Clemens, Legislature find common ground

After six historic special sessions, two votes, many amendments, and after more than 200 hours of debate, the Panola school district and the state legislature have reached an agreement on a new school finance plan.

The plan, which includes a $300 million bond issue, was passed by both the state House and Senate and now awaits Governor Glimit's signature.

Nut says it could have been worse

Beckville ISD to lose funds

"I think it's going to be a tough year," said Nut, who represents the area where the school district is located. "The state is now moving to a new system of funding schools, which means that the district will have to find new sources of revenue.

The $100,000 is just a step in the right direction for the school district," Nut said. "I'm happy with the way things are going so far.

The ISD board has already approved a $300,000 bond issue to finance the new school, which will be ready for the fall of 1992.

Single issue prices increase Wednesday

In an effort to increase the school district's funding, the ISD board has approved a $300,000 bond issue to finance the new school, which will be ready for the fall of 1992.

Copy prices of the newspaper and add will increase to 75 cents per page, or 30 cents per inch, on Wednesday, January 9, 1992.

The increase is due to the continuing rise in printing costs and the increasing cost of newsprint.

The newspaper will continue to provide quality news and information to the community.

**TO APPRECIATE THE FLAG**

**REMEMBER WHAT IT STANDS FOR**

Last year, the flag received a lot of attention in our country when some individuals chose to burn it in a disrespectful way. It is important to remember why we have such a flag and what it represents. The flag is a symbol of our nation's freedom and the sacrifices made by our forefathers to secure that freedom. Let us respect the flag and the freedoms it represents.
