Democratic gubernatorial candidate takes aim at Williams

Richards vows to stick to her guns

By JULIANA REYNOLDS

Democratic gubernatorial candidate Mary Richards said Wednesday that she will not compromise her record on gun control.

"I don't want to be in a situation where I have to compromise, because I don't think I can compromise," Richards said. "I think it's important to stand firm on this issue." Richards is running against Governor Bill Clinton in the upcoming election. She said she would not support legislation that would make it easier for people to purchase guns.

Richards also said she would not support any legislation that would weaken the Second Amendment, which guarantees the right to bear arms.

"I want to make sure that the Second Amendment is protected," she said. "I don't want to see any legislation that would weaken the Second Amendment." Richards said she believes in the principle of self-defense and the right to keep and bear arms.

Beckville ISD okays tax rate

Beckville Independent School District trustees approved the 1990-91 tax rate on Tuesday. The tax rate is $1.100 per $100 of assessed value.

"We are very pleased with the decision," said Superintendent Dr. David H. Johnson. "This is a fair and reasonable rate for our district." The district encompasses about 1,500 students.

"We need the extra money for our programs," Johnson said. "Our bond issue will help with those programs." The district uses the money for transportation, special education, and technology.

"We need to make sure that we're doing everything we can to protect our students," Johnson said. "We want to make sure that they have a safe and secure environment." The district has implemented a number of programs to improve safety, including increased police presence and the use of school resource officers.

District Judge Sarina Reiner is currently on a tour of the county, making appearances at various locations. She is running for re-election in November.

"I wanted to make sure that I was meeting with as many people as possible," Reiner said. "I want to make sure that I am familiar with the needs of the community." Reiner said she is looking for candidates who are interested in running for office.

"I am interested in finding candidates who are passionate about serving the community," she said. "I want to make sure that we have a strong slate of candidates for the local judiciary."

Bulldogs send Jefferson packing

By TOD HALL

It began as your usual scrimmage, with neither team showing any indication that it was the spring game. Both teams had their starters in place and were looking to show what they could do.

However, as the game progressed, the Bulldog offense began to click and Jefferson was struggling to keep up.

In the end, the Bulldogs emerged victorious, 1-0, sending Jefferson packing and leaving them with something to work on.

Can Chiropractic Help Me?

How Much Will It Cost?

We are often asked "Who's the best way of finding out whether or not a doctor of chiropractic can help my problem?"

We believe the answer can be found in a complete chiropractic consultation and examination, including x-rays (radiographs that routinely cost $24.00-$25.00 or more) for $25.00.

We offer this special program for the next 2 weeks. The only exception to the offer involves personal injury cases (worker's compensation and automobile accidents) in which there is no change directly to the patient.

BRING A FRIEND OR NEIGHBOR
TO YOUR HOUSE OF WORSHIP
We are often asked by our House of Worship to try to persuade others to come to church. Let me tell you this, it is not easy, but it is vital. If we don't help if they need it. This is an activity we ought to pursue, and all of us should help spread the word. Many people need to say away from the church, and many others would like to know what to tell them. The answer, we can all agree, is that these are the churches we need to reach out to.

Labor Day '90

September 3, 1990

Labor Day created by Cleveland in 1894.

Today, there are more than 100 national Labor Day celebrations. The first Labor Day, celebrated in 1894, was a response to the idea of a day to honor workers and their contributions to society.

The celebration of Labor Day is a reflection of the country's history and culture, and it is a day to recognize the importance of hard work and dedication.
