PGH names new administrator

Location: Dallas

U.S. representatives have been invited to discuss the issue of the pipeline with the new administration. The representatives will be meeting with Chancellor Paul J. Balkissoon and other university officials to discuss the potential impact of the pipeline on the university.

The new administration is expected to announce a decision on the pipeline at a later date. The decision will be made after consultations with various stakeholders, including the local community and environmental groups.

Chamber breakfast can't give away cash

For 10 years now, the Panama County Chamber of Commerce has been able to give away money at the annual breakfast meeting. The only catch is that the recipient must be registered by the end of the month.

But this year, the Chamber has decided to change things up. Instead of having one big breakfast, they will be holding several smaller events throughout the year.

For more information, contact the Panama County Chamber of Commerce at 214-442-5999.

Pentagon not quite over the Cold War
Salt pollution endangers water supply in Panhandle

The Pentagon, in a move to shake off its image as a Cold War relic, is considering the development of a new water supply system for the region. The current system, which relies on a network of wells and springs, has been under pressure due to salt pollution from military operations. The Pentagon is considering the construction of a large-scale desalination plant to provide a reliable water supply for its facilities and the local community. The project is expected to cost several billion dollars and would be the largest desalination facility in the country. The Pentagon hopes to complete the project by 2025, in time for the 50th anniversary of the Watergate scandal. However, some local residents and environmental groups are concerned about the potential impact on the local ecosystem and the cost of the project.

Dogs rally to bury Tigers by 34-14

By TED LANE

When all was said and done, the result was a convincing victory for the Panola College Panthers as they defeated the No. 2 ranked Navarro College Rangers by a score of 34-14. The Panthers came into the game as the underdogs, but they were able to pull off the upset with a strong performance.

"We were really excited to play against Navarro," said Panthers head coach Mark Williams. "They're a great team and we knew we had our work cut out for us. But we stayed focused and executed our game plan. We played good defense and were able to get some big plays on offense." 

The Panthers started strong, opening the game with a 75-yard touchdown pass from quarterback John Doe to wide receiver Jane Smith. The Rangers came right back with a touchdown of their own, but the Panthers kept their lead with a field goal on the ensuing possession.

In the second quarter, the Panthers added to their lead with a touchdown run from running back Bob Jones. The Rangers tried to rally, but the Panthers defense held them in check, allowing only a field goal.

In the second half, the Panthers took control with a touchdown on a 9-yard run by fullback Mike Brown. The Rangers were unable to close the gap, as the Panthers defense was able to stop any potential scoring threats.

The game was effectively decided in the fourth quarter, as the Panthers added two more touchdowns to put the game out of reach. The first was a 1-yard run by tight end Sarah Smith, and the second was a 5-yard pass from quarterback John Doe to wide receiver Jane Smith.

With the win, the Panthers improved to 5-1 on the season and remained in contention for a spot in the NJCAA Division I National Championship game. The Rangers, on the other hand, fell to 8-2 on the season and are now out of contention for the title.

Next week, the Panthers will face another tough test when they travel to No. 1 ranked Northwest Texas Community College. The Rangers, meanwhile, will look to bounce back against Laredo Community College.
Tigers win with field goal, 36-34

Mississippi State

The Tigers held on for the 36-34 victory over the Bulldogs in their SEC opener.
