DA investigator draws drug suspension

By CHERYL MCCALLISTER

Drug abuse among youth is no secret in the Hillcrest area. From the moment the school bell rings, drug abuse is a constant threat to the students. Most students have heard of the problems faced by other students in the community. However, the problem is not limited to the students. It is a problem that affects the entire community.

According to the Shelby County Sheriff's Office, the problem of drug abuse among youth is not going away. The office has received numerous reports of drug-related incidents in the past year. These incidents range from possession of controlled substances to distribution of illegal drugs.

The problem is not limited to the students. It is a problem that affects the entire community. Parents, teachers, and law enforcement officers are all involved in the fight against drug abuse.

Carthage seeks to end two-game Kilgore win streak

Dogs can enhance playoff chances

By TID LEE

A Carthage team that has not lost a single game in district play since 2008 could be knocked from the district championship this week by Kilgore.

The Dogs face a Kilgore squad that has won two straight district games and four of their last five.

"We're shooting for the district championship," said Carthage head coach Mike Williams. "We've had two very good wins so far this season, but we know that Kilgore is a very good team."
Mathematically, playoffs still possible

Bearcats' hopes fade

Beckville, Texas (November 2, 1990) -- Despite a 38-0 loss to the Winfield Wildcats in the district 21-AA championship game, the Beckville High School football team finds itself in a precarious position mathematically. A win over Stephenville would eliminate the Lions from playoff contention, but the team's hopes are fading.

The loss brought to mind the Bearcats' slim chance at making the playoffs. Despite being second in the district, their 2-5 record makes it nearly impossible to qualify. The team needs a miracle to stay alive, which is not looking likely given their opponents' performance.

Beckville explodes for 48 points in shutout

Cats win at homecoming

Beckville High School students celebrate their homecoming game against the rival Winfield Wildcats. The Cats' victory in the shutout game sparked excitement among the student body, who eagerly anticipated the annual event.

The game itself was a display of Beckville's prowess, with 48 points scored in the first half alone. The team's defense was impenetrable, leading to a shutout victory.

The crowd roared with excitement as the players took the field, determined to win the game and bring home the championship trophy. The victory was a testament to their hard work and dedication, and the students couldn't have been more proud.

The celebration continued throughout the night, with students and faculty alike dancing in the streets, cheering for their team. The spirit of school pride was palpable, and the night will be remembered as a triumphant homecoming victory.

The Panola Watchman

Lore Allen and Jonathan Brooks are best friends. They have been best friends since they were in first grade. When they were in high school, they were on the same football team. Now, they are in college, playing football together. They are both part of the Panola Watchman, and they are both trying to make a name for themselves. Lore is a sophomore at Texas A&M, and Jonathan is a freshman at East Texas Baptist. They have been playing football since they were little boys, and they have been best friends ever since.

Win would secure title for Carthage

Bulldog, Kilgore jv's face showdown

By TED LEAHY

The Panola Watchman

The Carthage-Jonesville football game on Friday is a big game for both teams. They have been playing against each other for years, and it's always a tough game. The Carthage Bulldogs are currently in first place in the district, and they need a win to secure the title. Jonesville is in second place, and they also need a win to keep their hopes alive.

VOTERS ATTENTION

The Choice Is Clear

To protect our children and grandchildren we must reduce the national deficit that the Republicans tripled in 9 years.

The Republicans fought the Democrats' fairness plan that taxed those rich Americans who make over one million dollars a year in income.

The Republicans favored instead a tax on Medicare benefits for those who receive social security and a gasoline tax and other taxes on the working middle class.

REPUBLICANS favor millionaires.

DEMOCRATS protect medicare and the working middle class.
