McDaniel survives as college trustees split over contract

By CHARLES McCARTHY

In a split vote, Panola College Board of Trustees met to reject the contract of college President B. Terry vectors, who had been in office since 1982. The board voted 5-4 to extend B. Terry’s contract through 1995.

The vote came after a day of heated discussion among the trustees, who differed on issues ranging from the president’s leadership style to his overall performance.

Some trustees praised B. Terry’s ability to increase enrollment and improve the college’s financial standing. Others criticized his handling of certain situations, such as the construction of a new library.

The contract extension was opposed by five trustees, who argued that it was time for a change in leadership.

B. Terry’s contract was recommended for renewal by the college’s chief financial officer, who stated that the president had done an excellent job of managing the college’s resources.

The decision to reject the contract was met with mixed reactions from students and faculty.

Grievance committee could help solve college's problems

The faculty of Panola College has voted 79-0 in favor of the president, Dr. Clay McManus, presenting a grievance to the Texas Education Agency. This vote is expected to resolve the dispute between the faculty and the administration over the approval of a new dean to replace the retiring Dean of Administration, Dr. Johnnie A. Alexander.

McManus has been the subject of a number of complaints from the faculty, including allegations of mismanagement and poor communication. The faculty feels that McManus's decision to hire a new dean without consulting them is a violation of their rights under the faculty handbook.

The faculty is concerned about the vote being disturbed.

Ethics reform given top priority

STATE CAPITAL

HIGHLIGHTS

By Lyndall Williams

Many of the issues facing the Texas legislature this session are related to ethics reform. The state is currently facing a number of corruption scandals, including the widely publicized case of former state senator Bob Edwards, who was convicted of fraud and bribery.

The legislature is expected to consider several proposals to address these issues, including measures to strengthen campaign finance laws and increase penalties for corruption.

Goldie Haw's forebears have impressive credentials

By Bob Bowden

Goldie Haw, a member of the Missouri football coaching staff, brings to his position a host of credentials that are sure to impress.

Haw's forebears date back to the days of the early settlers in the Midwest. His great-grandfather, William Haw, was a prominent farmer and businessman in the area, and his great-grandmother, Sarah Haw, was a skilled homemaker and teacher.

Haw's grandfather, John Haw, was a well-respected farmer and political leader in the community. His father, Robert Haw, was a successful businessman and community leader, and his mother, Mary Haw, was a talented musician and artist.

Haw himself has been involved in football coaching for many years, and has worked under some of the most successful coaches in the game. His ability to lead and motivate his players is widely respected, and he has a strong record of success.

Haw's work ethic and dedication to his craft are well-known, and he is widely respected for his knowledge and expertise. His ability to bring out the best in his players is a testament to his coaching skills.

In short, Goldie Haw's forebears have impressive credentials, and it is sure to be an asset to his position as a football coach.
