The Informed Bride
Let's work together to find a cure for cystic fibrosis

During April, National Cable Month, Falcon Cable TV will donate your installation charge — a minimum contribution of $10 — to the Cystic Fibrosis Foundation. When you give to cystic fibrosis, Falcon Cable TV will give to you. For each new premium service you add, we'll give you the second month of that service free. For each new cable customer, we'll give you the second month of basic cable free.

Your contribution will help thousands of children

Cystic fibrosis is the #1 genetic killer of children and young adults in the United States. Through a buildup of thick, sticky mucus, cystic fibrosis slowly and painfully suffocates the lungs and other major organs. Every minute of every day, this brutal killer continues to claim the lives of innocent children.

A series of medical breakthroughs are helping to make the dream of a cure a reality for the 30,000 children who suffer from cystic fibrosis. In 1989, scientists discovered the gene which causes cystic fibrosis.

When you subscribe to Falcon Cable TV during April, your donation will ensure that this life-saving work continues.
