Texas Senate passes court-at-law measure

Texas Senate has approved a bill that would establish the position of Court of County Judge-At-Law-Partners. The bill, sponsored by Rep. Gus Hall, was passed unanimously in the Senate on March 10. The bill, which was brought to the Senate by Speaker of the House, is expected to be signed into law by the governor.

The bill will make it easier for residents to access court services, particularly in rural areas. It will also help to reduce the backlog of cases in the county's court system.

The bill is part of a larger effort to improve the justice system in Texas. Other measures include increasing funding for the judicial system and expanding access to legal services for those who cannot afford them.

Fallen vets honored

VFW to host annual Memorial Day service

Pana County soldiers who gave their lives for their country will be honored at a memorial service on May 29th. The service will be held at the county courthouse at 10am. The service is open to the public and will feature speeches, music, and a moment of silence.

Pana County saw its share of deaths in the war effort. In total, 10 soldiers from the county lost their lives in service to their country. The service will honor each of these soldiers and their families.

Sadler adds Panola to his district

Under the redistricting plan just approved, Panola County will join the district of Delegate Laura F. Mountain. The new district, which includes a portion of West Virginia, will be represented by Delegate Mountain.

The redistricting process was contentious, with some delegates expressing frustration at the lack of representation for their constituents. However, Delegate Mountain was able to secure the inclusion of Panola County in the new district.

Panola County has a long history of political activism. In the past, it has been represented by delegates who have fought for the rights of their constituents. With the addition of Panola County to her district, Delegate Mountain will be able to continue her work for the people of West Virginia.

Sheriff's Report

By Deacon Jack Ellings

During the last few days I had the pleasure of visiting the homes of several former individuals. While visiting with one of these former individuals, I learned of the death of a long-time family member, who had been a well-known civic leader and a prominent figure in the community.

The death of this individual is a significant loss for our community and for all who knew him. He will be missed by many and will be remembered with fondness and respect.

The Sheriff's Report will continue to provide important updates and information for our community. Please continue to support our efforts to keep our community safe and strong.

First Things First

By Jon Davis

Nothing unfolds the book of life except the turning of a page, so as we open this one, it's good to remember the first principles that guide us in our journey through this life. For it's the first things that matter, and it's in the first things that we find our priorities.

The first thing is love. It's the foundation of all life, the anchor that holds us in place. Without love, we are lost. It's the饵 that nourishes our souls, the light that guides us through the darkness. It's the first thing we learn, the first thing we teach, the first thing we remember.

The second thing is faith. It's the belief in something greater than ourselves, the conviction that there is a purpose to our existence. It's the first thing we lean on when the world seems to be falling apart, the first thing we call on when we need strength. It's the first thing we turn to when we seek guidance, the first thing we rely on when we need hope.

The third thing is hope. It's the anticipation of a better future, the confidence that things will get better. It's the first thing we cling to when we face adversity, the first thing we treasure when we experience joy. It's the first thing we celebrate when we overcome obstacles, the first thing we cherish when we achieve success.

It's a fact!

Four stay unbeaten atop softball league

Four teams remain unbeaten in the Panola County Softball League. It has been an exciting season so far. The league is divided into two divisions, the East and West, with each division containing four teams. The goals for each team are to win games, improve their standings, and end the season with a win. The season is just getting started, with many games left to play. The teams are all working hard to achieve their goals and have been competing fiercely against each other. The future of the season is promising, with many exciting games to come. The teams are looking forward to the remainder of the season and are eager to see who will come out on top.

A hundred year old Sloan family tragedy

Since 1930, the Sloan family of Erath County has been a cornerstone of the community. However, in 1991, a tragedy occurred that shocked and saddened the entire family and the community.

The Sloan family has been involved in the community for over a hundred years, with their family business, Sloan Furniture, being a pillar of the town. The family has always been known for their kind and generous nature, and their contributions to the community have been immeasurable.

Unfortunately, in 1991, the Sloan family was struck by tragedy. The Sloan family patriarch, John Sloan, passed away suddenly, leaving behind his wife and their four children. The family was devastated, and the entire community mourned the loss of a beloved member.

This event marked the end of an era for the Sloan family, and they have been struggling ever since to come to terms with the loss. The family has been working hard to keep their business running, but they feel a void that can never be filled.

Despite the tragedy, the Sloan family remains committed to their community and continues to be a force for good. They have been an inspiration to others, and their resilience in the face of adversity is a testament to their strength.
