Outlaws in first by half game
Young Guns felled by Bennett Rathole

Bennett Rathole-Sanchez looked like a master coach as his outlaws, the Wild West, defeated the Young Guns, 7-3, in a game played in the 2nd Annual World Series of Baseball at Calhoun Park. The game was played in the first half of the series and was highlighted by a grand slam home run by Rathole-Sanchez and a three-run home run by his teammate, Tony Gutierrez. The game was a close contest until the 6th inning, when the Wild West started to pull away. The World Series, which runs through June 23, is being played in a new stadium built by Rathole-Sanchez and his partner, Tony Gutierrez. The stadium has a seating capacity of 5,000 and features state-of-the-art facilities, including a batting cage, weight room, and training area. The Wild West, led by Rathole-Sanchez, is the favorite to win the World Series, having finished first in the regular season with a record of 36-10. The Young Guns, led by their ace pitcher, John Smith, finished second in the regular season with a record of 31-15. Smith was named the Most Valuable Player of the regular season, having won 10 games and losing only 5. The World Series is being broadcast on local TV stations and is available online. The next game in the series is scheduled for June 17, with the Wild West playing host to the second-place team, the Outlaws. The winner of the World Series will receive a $1 million purse and a trophy. The runners-up will receive $500,000 and a smaller trophy. The World Series is the culmination of a season that has been marred by controversy, with several teams accused of using performance-enhancing drugs. The World Series is being played under strict doping rules, with players tested multiple times throughout the season. The winner of the World Series will be crowned champion of the world, and their team will be remembered for years to come as the greatest baseball team of all time.
