Davidson asks for recount

At the moment, it stands as the closest election in the history of Panola County. By a mere two votes. Defeated candidate John Fighter asked Panola County District Attorney John Turner for a recount.

"But nobody is nervous," said Turner. "We'll let things go through the proper channels." As of Friday, the recount had not been announced, but Turner added, "I can't think of any reason why we would not have a recount." Davidson was notified of the possibility of a recount in a telephone call from Turner, who asked Davidson if he would want to appeal the election.

"I want to appeal the election," Davidson said. "It is my right to have one. If I lose, I will lose it fairly." Davidson also asked if he would be notified of the outcome of the recount, and Turner responded, "Yes, I will notify you as soon as I receive the results.

In the other case on the ballot, incumbent Robert Harper easily defeated challenger Carl Ellis for the position of Panola County Commissioner. Harper received 52 percent of the vote, garnering 99 votes. He was declared the winner.

"I'm surprised," Harper said. "I thought it would be closer. I'm glad to have won.

Easter holiday symbols of eternal life

By CHARLES McGUIRE

There are many symbols that represent the Easter holiday. The cross is a well-known symbol, but there are also others that represent the season. For example, the Easter Bunny is a symbol of the Easter holiday.

Easter is a time for families to gather together and celebrate. It is a time to reflect on the resurrection of Jesus Christ and the hope it brings to all people.

Easter is also a time for people to give gifts to each other. This can be seen in the tradition of giving Easter baskets to children.

Easter is a special time of year for many people. It is a time to celebrate the resurrection of Jesus Christ and the hope it brings to all people.
