Williams back to await trial

Toby Spur Williams was returned to Pampa County Jail to await trial on charges of murder in the death of Dorene Fowlkerson, daughter of W. W. Fowlkerson, here in recent days. The trial was set for July 30, but it was learned that Williams was returned to jail on Wednesday.

Williams was convicted and sentenced to six years, but was released on appeal from the Texas Court of Criminal Appeals in 1955. He was retried and convicted of first degree murder and sentenced to death in 1956. However, his conviction was vacated in 1957 and he was retried and convicted of second degree murder.

CREATION vs EVOLUTION
With Don Patton

Sunday, Aug. 9 - 9:30 a.m. & 6:00 p.m.
Monday - Friday 7:30 p.m.

The subject of 'Creation vs. Evolution' has created no little controversy. It looks as though government and school officials have been convinced that the biblical account of Creation should be rejected and that the theory of evolution should be advocated as though it were proven fact. However, ALL of the evidence indicates that the Creation account as given in the book of Genesis in the Bible is true.

If you are a school teacher, student, parent or grandparent, you need to hear the true scientific evidence presented by Don Patton. He is a nationally known biologist, author and lecturer on this subject and above all he is a Gospel preacher. Everyone who is interested is invited to attend. Any questions that you will have will be gladly heard and answered. We hope to see you there.

CONTACT MINX MILAM HAMILTON AT 693-4167 OR 693-9549 214 N. ST. MARY
Schuengeman places in steer wrestling;
Strong wins third in barrel racing

Floyd Schuengeman, of Modoc, placed first in steer wrestling at the 62nd annual Colusa County Fair last week. He was the only county man to place in this event. Schuengeman, 62, has been a professional wrestler for more than 30 years and has won many championships. He is the only man in the county to have won the Colusa County Fair steer wrestling championship. Schuengeman is a native of Modoc and has lived in the area for more than 40 years. He is married to Estelle Schuengeman, who also is a professional wrestler.

Class of 1957 to hold reunion at CHS

The Churchill High School Class of 1957 will hold its 50th reunion this September. The reunion will be held at the Churchill High School in the afternoon and evening. More than 50 classmates from the class of 1957 are expected to attend the reunion. The reunion is being organized by the Churchill Class of 1957 Reunion Committee, which was formed earlier this year. The committee is made up of classmates who graduated from Churchill High School in 1957 and are still living in the area.

A Funeral Home With A Personal Approach Provides The Best Prearranged Funeral

A prearranged funeral is an extremely important decision. One involving your, your family, your friends, and many personal details. Don't trust just anyone.

Hawthorn Funeral Home does not have door-to-door salespeople or telephone salespeople. Yet, every hundred of people in Panola County request our personal help on their case. We have years of experience in funeral planning and can help you choose the ground plan that's right for you—including the option to provide tomorrow's funeral at today's prices.

Call us today. A representative from our funeral home will be happy to help you as a neighbor, friend and funeral professional.

Life on the King Ranch

By CHARLES MACIVER

There is a big difference between the ranch and the city. It is not only in the area, but in the people. Ranch life is different. The people are different. The lifestyle is different. The atmosphere is different.

The King Ranch is a place where tradition meets modernity. The history of the ranch goes back to the days of the Mexican Republic, when it was granted to Jose Antonio de la Guerra y Zuniga in 1740. The ranch has since been owned by the King family, who have been involved in the ranch's operations since the late 1800s.

The ranch is home to over 70,000 head of cattle, making it one of the largest ranches in the United States. The cattle are raised for beef, and the ranch also has a herd of white-tailed deer and hartebeest.

The ranch is known for its beautiful landscape, including rolling hills, deep valleys, and lush pastures. The ranch is also home to a number of wildlife species, including black bears, white-tailed deer, and bobcats.

The ranch is run by a team of experienced ranchers who are dedicated to maintaining the tradition and heritage of the King Ranch. The ranch is a place where modern technology and traditional methods are used in harmony.

The ranch is also home to a number of historic buildings, including the original office building, the blacksmith shop, and the ranch house. These buildings are a testament to the history and heritage of the King Ranch.

The ranch is open to the public, and visitors are encouraged to come and experience the beauty and history of the King Ranch. The ranch offers a variety of activities, including guided tours, horseback riding, and wildlife viewing.

The ranch is a place where tradition meets modernity, and where the beauty and history of the King Ranch are preserved for future generations.
