TU workers face uncertain future

Voluntary package ended Tuesday

Tuesday, Texas Utilities ended its voluntary early retirement package.

The package was part of the company's efforts to reduce its workforce by 20% through layoffs and early retirement incentives.

There is still a chance that layoffs could occur. The company is considering more workforce reductions in the future.

NOTICE OF COMPARABLE TAX RATES AND REVENUES

The legislature has enacted a statute on school funding to comply with a court mandate enacting the state constitution. Under prior statutes (SB 1) the tax rate for last year provided $4,165.00 per student in state and local revenues. Under this statute HB 1023 the tax rate now provides $4,405.00 per student in state and local revenues.

State law only requires a minimum tax rate of $0.877600 for county education districts. State law does not require a school district to adopt additional taxes. Neither does state law require a school district to adopt a tax rate that maintains the receipt of state funds.

The Board of Trustees of the Elsberry Public Independent School District hereby gives notice that it is considering the adoption of a tax rate of $0.34510 that will provide $4,405.00 per student in state and local revenues.

Is Carthage dreaming an impossible dream?

Dogs hope to improve on 15-1 mark

The 1992 Carthage Bulldogs may be an unbeat
en football team, as few people would have
expected them to be in November. It is a
remarkable story for a school that had never
been in the playoffs until this season. The
Bulldogs have won their last 15 games and
are looking to make a run at the state
championship.

The Dogs' success this season has been
attributed to the strong leadership of head
coach Bill Martin. Martin has turned around
the program after taking over in 1989. He has
built a strong foundation of tradition and
discipline that has paid off on the field.

The Bulldogs have a talented roster of
players, including quarterback Jeff Summers
and running back John Smith. Summers has
been a key player in the team's success,
throwing for over 2,000 yards and 30
touchdowns. Smith has rushed for over
1,000 yards and 15 touchdowns.

The Bulldogs' defense has also been
impressive, led by linebacker Scott
Williams and defensive backs Jason
Henderson and John Johnson. They have
allowed just 120 points in 15 games,
including a shutout against rival Lee.

Carthage's success has been
recognized by the community, with
millions of fans tuning in to watch their
Dogs play. The team's success has also
brought a sense of pride to the town of
Carthage and the surrounding area.

Carthage's win over Shawnee in the state
quarterfinals was a memorable moment,
with Carthage winning 37-7. The Dogs will
now face the challenge of taking on top
ranked Texoma in the state semifinals.

The Bulldogs know that they will have
their work cut out for them, but they are
ready to face the challenge. Carthage
prides itself on being a team that never
gives up, and they will continue to
prove that this season.

Timpson, Waskom tough in 21-AA

Defensively, the Bears will primarily play a 6-1, a departure from past years. Tippins says that he has cut back on the five-man defensive front, and might see some five-man defensive fronts. Tippins is still not sure what the Bearcats will do in the 1-2-6-1 defense.

There is no question that the strength of the offense will be in the backfield. Hope, Anderson, Irvin, and Howard are all returning to the lineup. Senior center, David Singleton, has learned the blocking techniques that he needs for the defense. The Bears could be a threat to win the district.
