Nursing home sale completion today

Another firm interested in opening new senior facility

As the completion of the sale of the Hurstburg Nursing Home is near, another firm has expressed interest in opening a new senior facility in the area.

Linda Parker, of Perfect Care Management, Inc., confirmed that her company is interested in expanding its operations to the Hurstburg facility. Parker said that the facility, which has been under managerial scrutiny, is looking for a new owner.

Parker stated that she has received inquiries from multiple interested parties and is currently evaluating the options available. The facility, located in the heart of the Hurstburg community, has been under management for several years and is well-known for its high-quality care.

The Hurstburg Nursing Home is a 102-bed facility, offering a range of services including skilled nursing, specialized care, and long-term care. The facility has been operating for over a decade, serving a diverse population of residents.

Parker expressed her excitement about the potential of the facility and its opportunities for expansion. She emphasized the need for new investment and leadership to continue providing high-quality care.

The completion of the sale is expected to be finalized soon, with the new owner planning to announce its plans for the facility in the near future. The community looks forward to the new developments and the continued provision of care at this vital resource.
One vote does count

Editorial

How can one vote ever make a difference? Could one person in a community of thousands possibly influence the outcome of an election? This notion is common. People usually believe that a single vote is too small to matter. Yet, as the late President John F. Kennedy once said, "Ask not what your country can do for you — ask what you can do for your country." This idea applies not only to political campaigns but also to any situation where change can be affected by collective action.

The 2020 presidential election is a prime example of how every vote counts. With the COVID-19 pandemic ongoing, and the economy struggling, the presidential election is more important than ever. The presidential election is not just about choosing the best candidate; it is about choosing the best future for America. Every vote matters, and every vote counts.

So, if you are registered to vote, please do so. If you are not registered, please register. And if you are not satisfied with the candidates, please vote for the lesser of two evils. Together, we can make a difference.

**RATES GO WITH INFLATION**

By Tom Goodman, CFP

Our clients who planned on being in retirement this year will face a year of unexpected increases in their monthly expenses. First, they'll have to deal with the inevitable increase in their Social Security payment. You'll also have to consider the cost of necessities such as food, fuel, and utilities. And don't forget about the cost of medical care, which is rising faster than inflation.

**THE PAMela WATCHMAN**

by Tracy Minklin

In a world where most movies are predictable and unoriginal, it can be refreshing to see a film that is both daring and thought-provoking. Unfortunately, this was not the case with "The Watchman," the latest film from director Patricia Haines.

Chapel Hill was one example; Atlanta another test

**Dawgs’ defense accepting challenges**

Milford Haven didn’t want to admit the obvious, but the Dawgs were faced with one of the stiffest challenges they’ve seen all season.

"Defense was never a strong suit of ours," said Milford Haven’s coach, "but it was the best we could do against these guys." The Dawgs, on the other hand, were proud of their defensive play.

"We had to step up on defense," said Milford Haven’s quarterback, "and we did." The Dawgs’ defense held Milford Haven to a mere 10 points in the game, and they were pleased with their performance.

**Rabbits hope to end jinx**

The Rabbits have been struggling against the Lions all season, but they hope to turn things around this week.

"We’ve been playing well against the Lions," said the Rabbits’ coach, "and we hope to carry that over into this game." The Rabbits’ defense was particularly strong against the Lions, holding them to just 3 points.

**Beckville, Tigers to face off**

Catfight in Tenaha Friday

The Tigers will face the Tenaha Eagles this Friday, and both teams are looking forward to the game.

"We’re excited to play against Tenaha," said Beckville’s coach, "and we’re ready to show them what we’re made of." Tenaha’s coach agreed, saying, "We’re looking forward to this game, and we’re confident in our team’s abilities.

**The Fannin Watchman**
**Streaking freshmen hosting Atlanta**

When it looked like they could lose, the Carthage Fighting Tigers had two new student-athletes to step up and help.

The Fighting Tigers were facing the Atlanta Trojans, a team known for their strong defense. With the game tied at 13-13, the Carthage offense was struggling to find a way to take the lead.

That's when freshman quarterback John Smith stepped up. He took the ball at his own 44-yard line and threw a 55-yard touchdown pass to a wide receiver. The Trojans' defense knew they had to stop him.

Smith was able to avoid several tackles and make his way down the field, dodging the Trojans' defense every step of the way. With time running out, Smith threw a 2-yard touchdown pass to a tight end, giving Carthage the lead.

The Trojans tried to come back, but Carthage held on to win 20-13. The victory was a huge boost for the Fighting Tigers, who had been struggling to win games.
