Halloween safety tips offered

Halloween may be fast, but trick-or-treating safety means that the rights danger will only be
prevented.

Safety tips were distributed by the Carthage Fire Department on Oct. 29. Fire Chief Doolittle made up a list of trick-or-treating tips that emphasize taking care while having fun.

1. Choose a costume that is well fitted and will not hinder your vision.
2. Be sure to have a flashlight or older adult with you to check the area.
3. Use caution if you are in a dark area.

TEA coming to CISD

The TEA will be in the Carthage ISD for a review of the district's financial statements and to examine the accountability component of the TEA's educational performance rating. The review will take place on Thursday, November 1, beginning at 9:30 a.m. in the Carthage High School Auditorium. The public is welcome to attend and provide comments to the TEA representatives.

Electorate must choose

Panda County voters will have a chance to vote on Tuesday, November 3.

If you vote, make sure to vote early or on election day. If possible, use your mail-in ballot to vote absentee.

People can ensure a safe and fun holiday by encouraging their children to follow the guidelines, or to attend one of the Halloween events held Saturday night.

County employs bus driver

Panda County Commissioners have hired Lori Davis as the bus driver for the county. Davis was selected after a full week of interviews and a final round of interviews.

Congresswoman Pelosi has been very impressed with Davis's dedication and ability to work with the community.

Diabetics welcome Nielsen

Dr. Mark A. Nielsen will speak on "The Diabetic Kitchen" at the 2023 Diabetes Awareness Day event on November 1, 2023. The event will be held at the Panda College campus.

The evening is free and open to anyone interested in learning more about diabetes and managing the disease.

Representative for Texas District 1, Dr. Nielsen is committed to promoting health and wellness, especially for those with diabetes.

Students hold mock vote

At LaRue High School, students in the mock election were enthusiastic about participating.

The students placed a high value on learning about the political process and the importance of voting, which they would be able to do with their participation in the school's mock election.
Senator Bill Ratliff has been good for the health of Texas!
