County hearing Monday

College cutting budget

College session this Monday

Schools and pupils file into Navarro Elementary School Friday morning for the start of the 1983-84 school year. Navarro was the first district to begin school this year. Gary Rilley is Monday and Carthage on Tuesday.
Clemmer Realty Whistles and Bob Whistler accept the First Office's safety award from Denise Rogers.

Leadership conference attended by local youth

Robert Blevins, Veronica Reifs and Melanie Williams of Carthage attended the fifth annual "Let's Talk on Drugs" on Friday, July 28, 1983, in Fort Worth. The conference is held by the North Texas Behavioral Health Authority and sponsored by the Fort Worth Police Department.

The conference, which is one of the nation's largest drug prevention programs, is designed to educate youth about the dangers of drug use. The program includes a variety of activities, such as discussions, lectures, and interactive games.

Reception set for Edmonds

Paola College's new president, Dr. Vincent J. Edmonds, received a warm welcome on Monday, August 1, 1983, at a reception held in his honor. The event was attended by faculty, staff, and community members.

Dr. Edmonds, who has been a respected educator for many years, was selected as the new president of Paola College in January 1983. His appointment was announced during a special assembly held in the college's auditorium.

We've Stood the Test Through Turbulent Times.

The real strength of a company is often measured during times of real need.

How true that is today! And it was proven again last month when the world economic recession hit. Many companies and financial institutions which had been operating healthily just a few months ago found themselves on the brink of collapse. Combined Underwriters, Inc. was one of the companies that had to close its doors.

Combined Underwriters, Inc. has been a leader in the insurance industry for over 50 years. We have been through countless storms and have always emerged stronger. Our team of skilled professionals has been working tirelessly to ensure that our customers are well taken care of.

We understand that during times of economic uncertainty, the need for insurance and financial stability becomes even more critical. That's why we have been providing our services with the utmost dedication and commitment.

We are proud to announce that we have successfully weathered the storms and are now better equipped to serve our customers. Our focus remains on providing exceptional customer service and ensuring that our customers' needs are met.

We are grateful to our customers for their loyalty and support during this challenging time. We look forward to continuing to serve you and helping you navigate through these turbulent times.

John Doe
CEO
Combined Underwriters, Inc.
To 'Have A Nice Day,' We Should Provide One For Others

When somebody tells you, "Have a nice day," have you pondered the meaning it's meant to portray? For you to hear it from everyone, go where you will; like the clerk at the market, while paying your bill. If you want a nice day, you can have one now, just by giving assistance to someone in need; and that nice day you covet will happen for sure, if you always remember to give a hand. At the place where you worship, its message conveys: You help those who need you, in numerous ways. And pray to the Lord, and obey this advice; then your day, and all others, will surely be nice.

-Gloria Nowak

Count that day told whose ten thousand sun flows in, and do good; it's worth any worthy action done. -Phil. 2:1
