Surrender nets guns
Pair sought in Missouri

Two men wanted by Missouri sheriffs named themselves to the Carthage Police Department as a tip to lead to their capture.

The tip came from a woman who lived near the scene of the crime. The woman identified herself to the officer as a relative of the two men.

The two men are wanted in connection with a bank robbery in Nellieville, Missouri. They are described as white males, approximately 5 feet 8 inches tall, and both have long hair.

TAX DEFERRAL AVAILABLE FOR ELDERLY HOMEOWNERS

Texans aged 65 or older can postpone paying delinquent and current property taxes on their homesteads by taking advantage of a tax option called "over-65 deferment." This elderly homeowner simply signs a deferment affidavit at the Panola County Appraisal District Office.

This special form of tax relief can also be claimed on a 1993 homestead declared by John Pepper, chief appraiser of the Panola County Appraisal District. To stop a delinquent tax bill, Pepper said, the over-65 homeowner files the deferment affidavit with the court in the county in which the sale is pending.

"This law means that, if the proper affidavit is on file, an older homeowner cannot lose a homestead because of delinquent taxes," Pepper said.

Once a homemaker files an over-65 tax deferment affidavit with the appraisal district, no tax unit can initiate or pursue a suit for delinquent taxes as long as that person owns and lives in that homestead.

Pepper stressed, though, that tax deferral for the elderly only postpones paying delinquent taxes on the homestead, it does not cancel them. During the deferral period, interest and delinquent interest continue to accumulate and is added to the tax bill. The interest rate during the deferral period is 8.9 percent a year. "When the elderly taxpayer no longer owns or lives in the homestead, those accrued amounts become due. Taxing units can then sue to collect all the deferred tax and interest."

While a penalty may not be imposed on the delinquent taxes during the deferral period, the filing of the deferment affidavit will not negate any ownership or interests which were already due. Also, an additional penalty associated with returning the account to a delinquent tax status may be charged if taxes remain delinquent more than 90 days after the deferral period.

Forms for filing a tax deferment affidavit are available at the appraisal district office. The homeowner should fill out the form and have the signature witnessed by a notary public, Pepper said. For more information, taxpayers may contact the Panola County Appraisal District, 2 East Park Pl., 293-3951.

"We want to encourage people to come to the library during the winter season," said Brown. "There are so many great programs and activities available to choose from."
