Armed suspect nabbed on square

Stolen vehicle recovered

A confrontation on the square Monday, allegedly ended in the arrest of an armed suspect who was wanted by police, according to police reports.

Charles Herren, 31, was arrested at the adjacent Post Oak Bank after being hit by a community police officer and being driven to a police station.

Herren, who is known to the community as "Bobby," has been arrested and charged with armed robbery.

The incident occurred around 3:30 p.m. when police received a report of a vehicle matching the description of a stolen vehicle.

Police believe Herren may be related to the theft of a bicycle from the same location in January.

There are many options to consider when preplanning a funeral, but then again, there are also many requirements.

Fees have their own ideas of what should be included in preplanning. Perhaps it is more to the point that the wishes you express are provided for. You can simply record your wishes or prepare for memorial services to advance your funeral wishes. The wishes you express may be in the following:

- Preplanning
- Memorial services
- Advance directives
- Final arrangements
- Prearranged services
- Prepayment

There is no need to feel obligated to follow these steps. Call us for more information.

Do You Really Know Your Doctor?

Published in: The Panola Watchman

Tory Smith

You have to ask yourself, "What would happen if my doctor died in the middle of a day?" If there were no one to order prescriptions, what would we do? Is there a backup doctor available? Who would perform surgery if my doctor can't? Who would be there to help us if our doctor isn't? The answer to these questions is important.
