Dr. Brian Nichols will be nothing the drive from 2A to ISD. Nichols, the superintendent of the Independent School District, has accepted an offer from Marshall ISD to step into the district's superintendent. The Marshall school board voted 3-1 Monday evening to hire Nichols.

Nichols, superintendent of 10 years, is leaving ISD at the end of the current school year. The offer has been extended, Nichols said Tuesday, but his whereabouts are unknown. The Rhymes Fields board wants to accept the resignation. The new superintendent is expected to be in place by the fall of 1999.

"Dr. Nichols will be sorely missed," said Ann Lane, ISD board president. "He has done a great job in two years and is greatly missed."

A & M regents accused of questionable spending

Texas Capital Highlights by Lyndsey Williams

AUSTIN - A Texas Capitol reporter became suspicious of A&M regents' spending after being tipped off by an A&M employee who wanted the reporter to identify the regents for protection. The employee claimed the regents were overpaying for meals and other expenses.

The reporter investigated and found that the regents were using their expense accounts to pay for meals and other expenses. The regents denied the claims, but the reporter was able to find evidence of the irregularities.

The report led to a hearing, and the regents were forced to resign. The public was outraged, and the state legislature took steps to reform the A&M regents system.

The Sheriff's Report

Our readers write...

Dear Editor,

I was interested to read the story in The Pandora Watchman about the A&M regents. As a taxpayer, I feel that my hard-earned money is being misused. I would like to see more accountability in the way our funds are spent.

Sincerely,
