Re-Elect Mike Pennington

CISD Board of Trustees District 3

In 1998, I ran for a position on the school board because of my commitment to your children's education and the education of our students. I am seeking re-election today for the same reason. I will continue to fight for the educational standards that promote quality education and the best interests of the school district and its tax payers. Early voting runs through May 8. I hope you will vote and support me.

School finance may be headed to court

The finance battle in Texas is heating up as the state's school districts try to find ways to cope with budget cuts and rising costs. In recent weeks, several districts have filed lawsuits challenging the state's funding formula, alleging that it fails to provide adequate resources for all students. Meanwhile, the state legislature is considering changes to the formula, but it remains unclear how these changes will affect the districts. Some local officials have said they are considering filing their own lawsuits if the state does not make sufficient changes to the funding model.

The Library Bulletin Board

The Carthage Public Library is hosting a variety of events this month, including a book club meeting, a poetry reading, and a craft workshop. The library also has a new exhibit featuring local artists. For more information, visit the library's website or call 903-643-4664.

The Panel Watchman

RISD graduates honored

Rosenberg ISD (RISD) graduated 362 seniors last weekend, making it the largest graduation in the district's history. The ceremony was held at the J.L. Mann Auditorium, and hundreds of family members and friends came to watch the students receive their diplomas.

Can Chiropractic Help Me? How Much Will It Cost?

We are often asked by chiropractic patients, 'What's the best way of finding out whether or not a doctor of chiropractic can help my problem and how much will the treatment cost?'

We know chiropractic therapy can be highly effective in alleviating and correcting many common health problems, including headaches, backaches, and other problems. However, it is important to find a chiropractor who is skilled and experienced in your specific condition.

The only exception to the above rule is the patient who has no change in condition after treatment. If you have an existing condition, you should consult with a professional to determine the best treatment option for you.

End of Game Notice.

The Difference Between LIFE and DEATH.

Life is a game for Texas Teenagers from the Texas Lottery. And it is one to which they must add their names and numbers. To win the game, they must match the winning numbers exactly with those drawn. The next drawing is at 7 p.m. on June 3, 1996. The grand prize is $1 million.
