CISD toughens policy on fights

By SHERBY KOONCE

For the first time this year, a Cypress student has been expelled from high school for fighting. Whether isolated at a slight provocation or as a result of a fight, the boy will be expelled for a period of one year. This is an unusual decision, one that was made by the principal of the school, Mr. Robert Page, Jr., who recommended the expulsion. The decision was made after a thorough investigation of the incident, which involved several witnesses and was scheduled for discussion at a board meeting.

The incident occurred recently and involved a lot of questions and concerns with the administration. The principal was quick to take action to ensure the safety and well-being of all students. He is a very active and involved leader in the community, and his decision was well-received by parents and students alike.

"We are here to protect each other," Mr. Page said. "It is not right to harass or physically harm another student. We cannot have a community where we are afraid to come to school or fear for our safety."

The full story can be found in the Cypress vanguard on page A8.

CISD asks the "no fighting" in its Zero Tolerance policy.

Suspects pocket evidence of drug farm in Harrison County

By SHERBY KOONCE

The police in Harrison County, Arkansas, arrested three suspects on Wednesday after discovering a large marijuana farm in a remote area of the county. The farm was located on a private property, and the suspects were identified as John, David, and Tom, all of whom are known to the local community.

The police confiscated several hundred pounds of marijuana, which was being harvested at the time of the discovery. The suspects were charged with murder, theft, and other related charges.

"We are committed to protecting the community and ensuring that illegal activities are stopped in their tracks," said Chief of Police, John Johnson. "This is a major operation that will have a significant impact on the community, and we will continue to work closely with local and federal law enforcement agencies to bring these individuals to justice."

The full story can be found in the Cypress vanguard on page A8.

Family practice clinic awaiting state approval

New PA starting work at hospital

By LAURA NELSON

The new PA, a family practice physician, started working at the hospital on Monday. The clinic, which will be located in the hospital's medical building, will be staffed by a team of experienced healthcare professionals.

"We are excited to welcome our new PA to the team," said Dr. Sarah Johnson, Director of Medical Services. "She brings a wealth of knowledge and experience to our practice, and we know she will be a valuable asset to our patients."

My hat is off to Panola County teachers

Know Your Heritage

By Lucy J. Ginn

I am a teacher in Panola County. My children and grandchildren are also teachers, and every year I see their names in the paper: "School Teachers of the Year." They are all wonderful people who work to give our children a good education. I am proud of them all.

Tatum Museum will hold quilt show, demonstration

The Quitman County Chamber of Commerce will host the Tatum Museum's annual quilt show and demonstration on Saturday, September 10. The event will feature quilts made by local artisans, as well as a demonstration on how to make a quilt. The museum is located at 100 Main St in Tatum.

Late summer crop delicious

Farmers in Panola County are harvesting their late summer crops, including tomatoes, corn, and okra. The crops are ripe and ready for harvest, and farmers are busy picking and processing them for sale.

Card of Thanks

We want to thank all of those who have helped us in any way. We are grateful for all of your support and encouragement. Thank you.

Interactive Video Brings UT Tyler to You!

• Study closer to home • Save commuting expense • Reduce travel time

UT Tyler offers interactive video courses that bring the UT Tyler campus to your living room. This innovative technology allows students to take courses from the comfort of their own homes, eliminating the need for travel.
