Drug bust nets $90,000 in marijuana

A Michigan man was charged with possession of illegal drugs Thursday after more than 2 pounds of marijuana were found in the trunk of his car.

Tony Wood, 25, of Sanborn, Mich., was arrested by Panola County Sheriff's Deputies Harry Williams and James Deal Thursday during a stop at a Panola County convenience store.

A search of the vehicle subsequently led to the seizure of 2.5 pounds of marijuana, as well as $90,000 in cash. The cash and drugs were seized under the terms of a search warrant issued by the Panola County Sheriff's Department.

The arrested individual, who was identified as Wood, was transported to the Panola County Jail in Carthage on a $50,000 bond for possession of a controlled substance and possession of a firearm by a felon.

HOLIDAY LIGHTS PLANNED

Christmas will be aglow this year in Carthage with several new light displays adorning the town's streets and businesses.

In the spirit of the season, a group of Carthage residents will be lighting up Carthage with the annual Christmas Light Parade. The parade will feature floats, music, and lights, as well as choral groups and other festive entertainment.

**STRENGTH FOR LIVING**

**BY JERRY REMANAN**

There is a saying that "what you think, you become." This phrase is especially true when it comes to our mental and physical health. Our thoughts, beliefs, and attitudes can have a direct impact on our well-being. The importance of maintaining a positive mindset cannot be overstated. When we focus on what we do well, we are more likely to achieve success. When we believe in ourselves, we are more likely to overcome challenges. When we have a growth mindset, we are more likely to learn and grow. Therefore, it is essential to cultivate a positive mindset and focus on the good things in our lives. By doing so, we can improve our mental and physical health, increase our resilience, and achieve greater success in all aspects of our lives.

The second article was written by Dr. John H. Jernigan, who focused on the role of the community in the development of the local economy. Jernigan’s research has been widely acclaimed, and his work has been published in several scholarly journals. The third article was written by Dr. Tom Jernigan, who explored the cultural and social aspects of the community.
