Texas to face possible budget shortage

As a result of three years of high inflation and rising energy costs, the Texas state budget is facing a possible shortfall. Texas has been among the states hardest hit by the energy crisis, with the price of oil and gas rising dramatically. This has led to increased costs for state agencies, which are already struggling with rising salaries and other expenses. The state legislature will have to make difficult decisions about how to address this shortfall, which could have significant implications for state services and programs. It is important for citizens to stay informed and engaged in the budgeting process to ensure that their voices are heard.

**The Panama Watchman**

**Cartage has better balance than Rattlers**

The recently released football schedules for Cartage and Rattlers show that both teams have improved their offensive and defensive strategies. Cartage has added key players to their offense, including a star running back and a quarterback with great passing ability. Rattlers, on the other hand, have strengthened their defense with several new recruits. Both teams are expected to put on a good show in their upcoming games.

**Alto, Garrison should be strong in playoffs**

23-AA powers proved too hard on Bearcats

Davy Thompson could be the difference maker in Alto's bid for a state title. Thompson is a versatile player who can score touchdowns in both rushing and passing. Garrison, with their strong defense, is expected to put up a tough fight. Both teams have a good chance of making it to the playoffs, but Garrison may have the edge with their defensive strategy.

**Bowling**

Beckville's Aaron Carter (SS) looks to shuck Alto's tackle, as at usual.

Cartage freshman to run at state meet

Smith likes 'his' Fillies

Tom Smith has been the Fillies' coach for several years and has always emphasized teamwork and hard work. The Fillies have been practicing hard and are expected to perform well in the upcoming state meet.

**Beckville stats**

When Dunnack founds his team, it is clear that this is not the same team that struggled in past seasons. The Fillies have improved their defense and are looking strong in their offensive plays. Smith has been working hard to get his team ready for the state meet, and the Fillies are confident in their chances of success.

Schedule adjustment okay, too

Tom Smith, Fillies' coach, is pleased with the schedule adjustment that has been made. He believes it will benefit his team and help them prepare for the state meet. The Fillies are looking forward to the upcoming season and are ready to face any challenge that comes their way.
