Drug prosecutions key for DA

By SHERRY KONIQUE

The drug office in Decatur has been active in recent months, charging dozens of people with drug-related offenses.

The office, which has a staff of three, has been busy with a number of major cases.

In the past two months, the office has charged 70 people with drug-related offenses.

The office has also been successful in obtaining convictions for many of these cases.

In one case, a man was arrested and charged with possession of a controlled substance.

The man pleaded guilty and was sentenced to 18 months in prison.

The office continues to work on a number of other cases, and it is expected that more arrests will be made in the near future.

Jumbo cemetery is added to records

Know Your Heritage by Leila B. LaGrone

The cemetery of today, Jumbo Cemetery, is located on the eastern side of the town of Jumbo. It is a large, well-maintained cemetery with many old headstones and a few new ones. The cemetery is surrounded by large trees, which provide shade and a peaceful atmosphere.

In the early days of Jumbo, the cemetery was located in a different place. However, as the town grew, the cemetery was moved to its current location. The oldest headstone in the cemetery is from the late 1800s, and it is the only one that remains today.

Today, the cemetery is the final resting place for many of the town's early settlers. It is a place of great importance to the community, and it is well cared for by the local residents. The cemetery is a reminder of the town's history and the people who came before us.
