Westmoreland presents program to book club

**Medical care: past, present, future**

The Carnegie Book Club and the Westmoreland County Library System have joined forces to present a program that aims to educate the public on health and medical advancements. The event was held at the Carnegie Library on July 15, 2023, featuring guest speakers from various medical fields who discussed the evolution of medical care from past to present, highlighting the impact of technology on healthcare. Attendees were able to gain insights into how medical practices have evolved over time and the challenges that healthcare professionals face today. The program was well-received, with attendees engaged in lively discussions and Q&A sessions with the speakers. The Carnegie Book Club and the Library System plan to host similar programs in the future to continue educating the public on important medical topics.
