Six hurt, one killed in weekend accidents

By LAURA NEIGH

A motorcycle rider was killed and six people, including two children, were injured in weekend accidents.

According to the Texas Highway Patrol, a 24-year-old man was killed when he lost control of his motorcycle on FM 1139. The crash occurred near Kilgore, and the man was transported to a hospital in Kilgore where he died.

The six injured people were taken to hospitals in Longview and Tyler for treatment of their injuries. Three of the injured were children, and they were reportedly injured in a car accident on FM 1139.

The Texas Highway Patrol is investigating the accidents, and additional details will be released as they become available.

Rabies costs mounting

By TED LEACH

The number of people who have been exposed to rabid animals has been growing, and the cost of preventing cases of rabies is also on the rise.

Many of the cases are preventable, and the vaccine is available at no cost to the public. However, the cost of providing the vaccine and the follow-up care is high, and the cost of treating rabies is also high.

Debt owed to White for quick action

Students at Carthage High School were able to avoid a trip to the hospital thanks to the quick action of the school's principal, White.

White informed the students that they would be able to avoid a trip to the hospital if they followed proper procedures and were given proper care.

Saturday night stabbing turns fatal

A local resident was killed when he was stabbed during a fight.

The victim was found with a stab wound to the chest and was pronounced dead at the scene.

An investigation is underway to determine the circumstances surrounding the deadly stabbing.

Memorial service honors officers

By SHERRY KOONCE

A memorial service was held to honor the officers who lost their lives in the line of duty.

The service was attended by family members, friends, and colleagues of the fallen officers.

The service included a parade and a moment of silence.

Teen leads law on two-county chase

By LAURA NEIGH

A teenager was arrested after leading police on a high-speed chase through two counties.

The teenager was driving a stolen vehicle and was pursued by police officers from multiple agencies.

During the chase, the teenager ejected a firearm from the vehicle, and police officers were able to capture the teenager.

The teenager was arrested and charged with various offenses.

The investigation is ongoing, and additional details will be released as they become available.
Math, science strengthened at PC

Efforts to strengthen math and science programs at Fauquier College in Warrenton, Va., have led to changes in the schedule of classes, some new programs and more emphasis on technology in the classroom. Federal and state funding has helped pay for new computer programs and equipment. The college's math and science programs are designed to meet the needs of both traditional students and adults.

In addition to the traditional classes, the college offers classes for adults who want to return to school or change careers. The college also offers classes for students who are preparing for careers in fields such as engineering, computer science and health care.

The college's math and science programs are designed to meet the needs of both traditional students and adults. The college offers classes for adults who want to return to school or change careers. The college also offers classes for students who are preparing for careers in fields such as engineering, computer science and health care.

PC board approves appointment

Fauquier College's board of trustees has approved the appointment of Dr. Susan B. Smith as the new dean of the college's math and science programs.

Dr. Smith brings a wealth of experience to the position, having served as associate dean of the college's math and science programs for the past six years. She has been instrumental in developing new programs and improving the quality of instruction in the fields of mathematics and science.

Dr. Smith is a highly respected educator, having received numerous awards and honors for her work in the field of education. She is a member of the American Mathematical Society and the American Association for the Advancement of Science.

In her new role, Dr. Smith will oversee the development and implementation of new programs and initiatives, as well as the ongoing evaluation of existing programs. She will work closely with faculty members, administrators and students to ensure the continued success of the college's math and science programs.
PGH board of managers to meet

Equipment bids on agenda

The Board of Managers of the Pittsburgh General Hospital met on May 15, 1995, at 10 a.m. in the Boardroom, 4th Floor, to hear a presentation by Mr. John Smith, Manager of the Equipment Department. The meeting was called to order by Mr. Tom Brown, President of the Board of Managers.

Mr. Smith presented the board with a summary of the hospital's equipment needs for the upcoming fiscal year. He outlined a list of equipment that the hospital requires for patient care, including new surgical equipment, x-ray machines, and an MRI scanner. Mr. Smith also discussed the bids received from various vendors and presented the board with a recommendation on which vendor to award the contracts to. The board approved Mr. Smith's recommendations and moved to bid on additional equipment for the upcoming year.

Scholarship received

Mr. Tom Brown, President of the Board of Managers, announced that the board has approved a scholarship for a deserving student. The scholarship, in the amount of $5,000, is named in honor of the late Dr. Jane Doe, a former faculty member at Pittsburgh General Hospital. The scholarship will be awarded to the student who has demonstrated exceptional academic achievement and a commitment to serving the community.

Card of Thanks

The Board of Managers wishes to express its gratitude to Dr. Jane Doe, a former faculty member at Pittsburgh General Hospital, for her many years of service to the hospital and the community. Dr. Doe's dedication to patient care and her commitment to medical education have left a lasting impact on the hospital and its staff.

Smith among Kilgore honor graduates

Mr. Tom Brown, President of the Board of Managers, announced that Megan Smith is among the top five honor graduates at Kilgore College. Smith is one of five students who will receive the highest honors at the college. She is a native of Pittsburgh and is majoring in business administration.

Our readers write

Dear Editor,

I am writing to express my support for the upcoming fundraiser for the hospital. I have seen firsthand how the hospital has benefited my family and I believe it is important to give back. Please consider making a donation to the fundraiser.

Sincerely,

[Name]

Just Add Water

The temperature is expected to remain cool this week, with a high of 75 degrees on Monday and a low of 55 degrees at night. The humidity is expected to be low, making it a comfortable time to be outdoors. The weather forecast indicates that there will be no rain this week, so outdoor activities are expected to be enjoyable.

CHS student honored in journalism

Carthage High School senior John Smith has been named a winner of the 1995 Carthage High School Journalism Award. Smith is a member of the school's journalism team and has been recognized for his work in the school newspaper. The award is given to students who demonstrate exceptional writing skills and a commitment to journalism.

Correction

An error was made in the previous issue of the hospital newsletter. The article about the new surgical equipment was incorrectly attributed to Dr. Jane Doe. It should have been attributed to Dr. John Smith, Director of the Equipment Department.
