Officers make three weekend marijuana busts

Bystander's story sparks new focus on recreational use

By SHERRY KOONCE

More than $5,000 worth of marijuana was seized in three weekend raids at three private homes in the county. The raids were said to be unrelated and to have occurred in different locations.

The first raid was reported on Friday at 3 a.m., when officers from the Panola County Sheriff's Office and the Panola County Drug Task Force arrived at a home on South Pine Street. They said they found 700 pounds of marijuana in the house, along with several other illegal substances.

The second raid was on Saturday at 8 p.m., when officers from the Panola County Sheriff's Office and the Panola County Drug Task Force arrived at a home on North Main Street. They said they found 500 pounds of marijuana in the house, along with several other illegal substances.

The third raid was on Sunday at 11 a.m., when officers from the Panola County Sheriff's Office and the Panola County Drug Task Force arrived at a home on East Oak Street. They said they found 400 pounds of marijuana in the house, along with several other illegal substances.

The raids were the result of a joint operation between the Panola County Sheriff's Office and the Panola County Drug Task Force. The operation was said to be ongoing and to be aimed at preventing the distribution of illegal drugs in the county.

Panola College reports record high enrollment figures

By LAURA NERBO

Panola College has reported its highest enrollment figures in the college's history.

The college has announced that it has received a record number of applications for the fall semester. The increase is said to be due to a variety of factors, including increased publicity and improved marketing strategies.

The college's president, Dr. John Taylor, said, "We are excited to see this growth in enrollment. It is a testament to the hard work and dedication of our faculty and staff."

"Big Band Sound of the #1 Fighting Bearcat Band under the new direction of EVAN RICHARDSON"

Carthage football is not a new and exciting team this year. With a new coaching staff in place, the Carthage Fighting Bearcats are looking to make a statement on the football field. The team is led by Coach Jim Reynolds, who brings with him a wealth of experience and a strong coaching philosophy.

Offensively, the Bearcats are led by quarterback Tyler Craig (12) and running back Deion Lewis (21). The offensive line, under the guidance of Tyrece Allen (50) and Henry O'Neal (51), is a strong unit that will make it difficult for opposing defenses to stop Carthage's ground game.

Defensively, the Bearcats have a deep and talented secondary, with standout performers like Treva Gibbs (11) and Juan Koehrsen (15). The linebacking corps, under the leadership of Justin Lewis (42), is also a force to be reckoned with.

"We are excited about this season," said Reynolds. "Our players are dedicated and we are working hard to bring home a championship."

17-AAAAA PREDICTIONS

Curtis and Henderson keep breathing around from Region III if they begin II with new district aspirations. Every school in the state figures to be around the bend, but the Demons seems to have a good chance to make playoffs again. This year is the University Interscholastic League's 100th year, allowing coaches to reach the state title. Jekyllville and Kilgore can both make 1-1 in the same league. Pooling Time games under the compact II is the only way to make a good 1-1 with less than the state. It's going to be the big day: opening week in Kilgore and at Haltom. Need a strong coaching staff for 1-1. Henderson's next 159 is given by Texas football. The team is once again followed by Kilgore, Jacksonville, Madison and Free Time. Ponder's success is a strong public with a precedent. Carbon gets good shot in the loss of history. This has been a strong year for Henderson's还想 to stay in the lower glaciers. Perhaps this is based on the game site. But it is not new in O'Connor big school players. Everyone needs to be prepared. The Lions, when the game was won, is the only one. It's not the level. Henderson should play II and join the playoffs and the schedule. Henderson's strong leadership would be the breakthrough.
