TAX DEFERRAL AVAILABLE FOR ELDERLY HOMEOWNERS

Property owners aged 65 or older can postpone paying delinquent and current property taxes. They can take advantage of a tax option called "Over-65 Deferral" by signing an affidavit at the Panola County Appraisal District office.

This special form of tax relief can also be filed with the Panola County Appraisal District. To file a delinquent tax affidavit with the court in which the suit is pending. Once a homeowner files an over-65 tax deferral affidavit with the Appraisal District, no taxing unit can start or continue a lawsuit for delinquent taxes as long as the property owner and the home are in good standing.

Pepper stressed, though, that the tax deferral is for the elderly only and does not apply to businesses or non-resident taxpayers. He also noted that this is not a free pass, as the homeowner must still pay the taxes.

The adjacent area to the Panola County Appraisal District office has been designated as a "No Parking" zone during the Christmas season. This is to ensure that there is enough space for visitors and customers to park their vehicles.
